SCHOOL NON-FORMAL

TUTORING LESSONS IN HILIOFONALUO VILLAGE

The Lord Jesus is truly very good. By His grace, we are still given the opportunity to be a help to the children in Hiliofonaluo Village.

Although the number of children attending lessons has decreased for various reasons, the enthusiasm of those who continue to come has not diminished in following the learning.

Some of their friends no longer attend lessons because they return home from school too late and are too tired to come, while others are not permitted by their parents because they are taken to work in the fields after school. Even so, the other children remain faithful in attending the lessons with great enthusiasm. They want to learn and discover many new things.

The children who diligently attend the lessons have experienced extraordinary changes. The Lord Jesus has helped their lives through the materials, teachings, and lessons they receive. They are able to understand them, grow, and become remarkable children. Both spiritually and academically, they are showing real progress.

SCHOOL NON-FORMAL

TUTORING LESSONS IN HILIANA'A VILLAGE

Praise the Lord, Jesus has been truly good in the ministry that has just begun. The ministry in Hiliana'a Village has now been running for two months. Since it first started, the number of children enrolling has continued to grow—from only 5 children at the beginning to now 18 children who are attending the tutoring/learning program in Hiliana'a.

We see that the children here are in great need of education. Some children, even at the age of five, still cannot read or write, and some as young as four cannot yet hold a pen properly. There are also children already in the fifth grade of elementary school who are still struggling to read fluently.

With the presence of this tutoring program in Hiliana'a, the children have been greatly helped in their education. We believe this ministry is becoming a great blessing for them.

PLAYGROUP

After finishing their lessons, the children played together. They played ball, lego, and jump rope. The children were so joyful to be able to play together.

BIBLE READING AND SHARING

Building the children's spirituality so that they may grow closer to God, by teaching them how to build a relationship with Him: praising the Lord, loving His Word, and praying to surrender their lives into His hands.

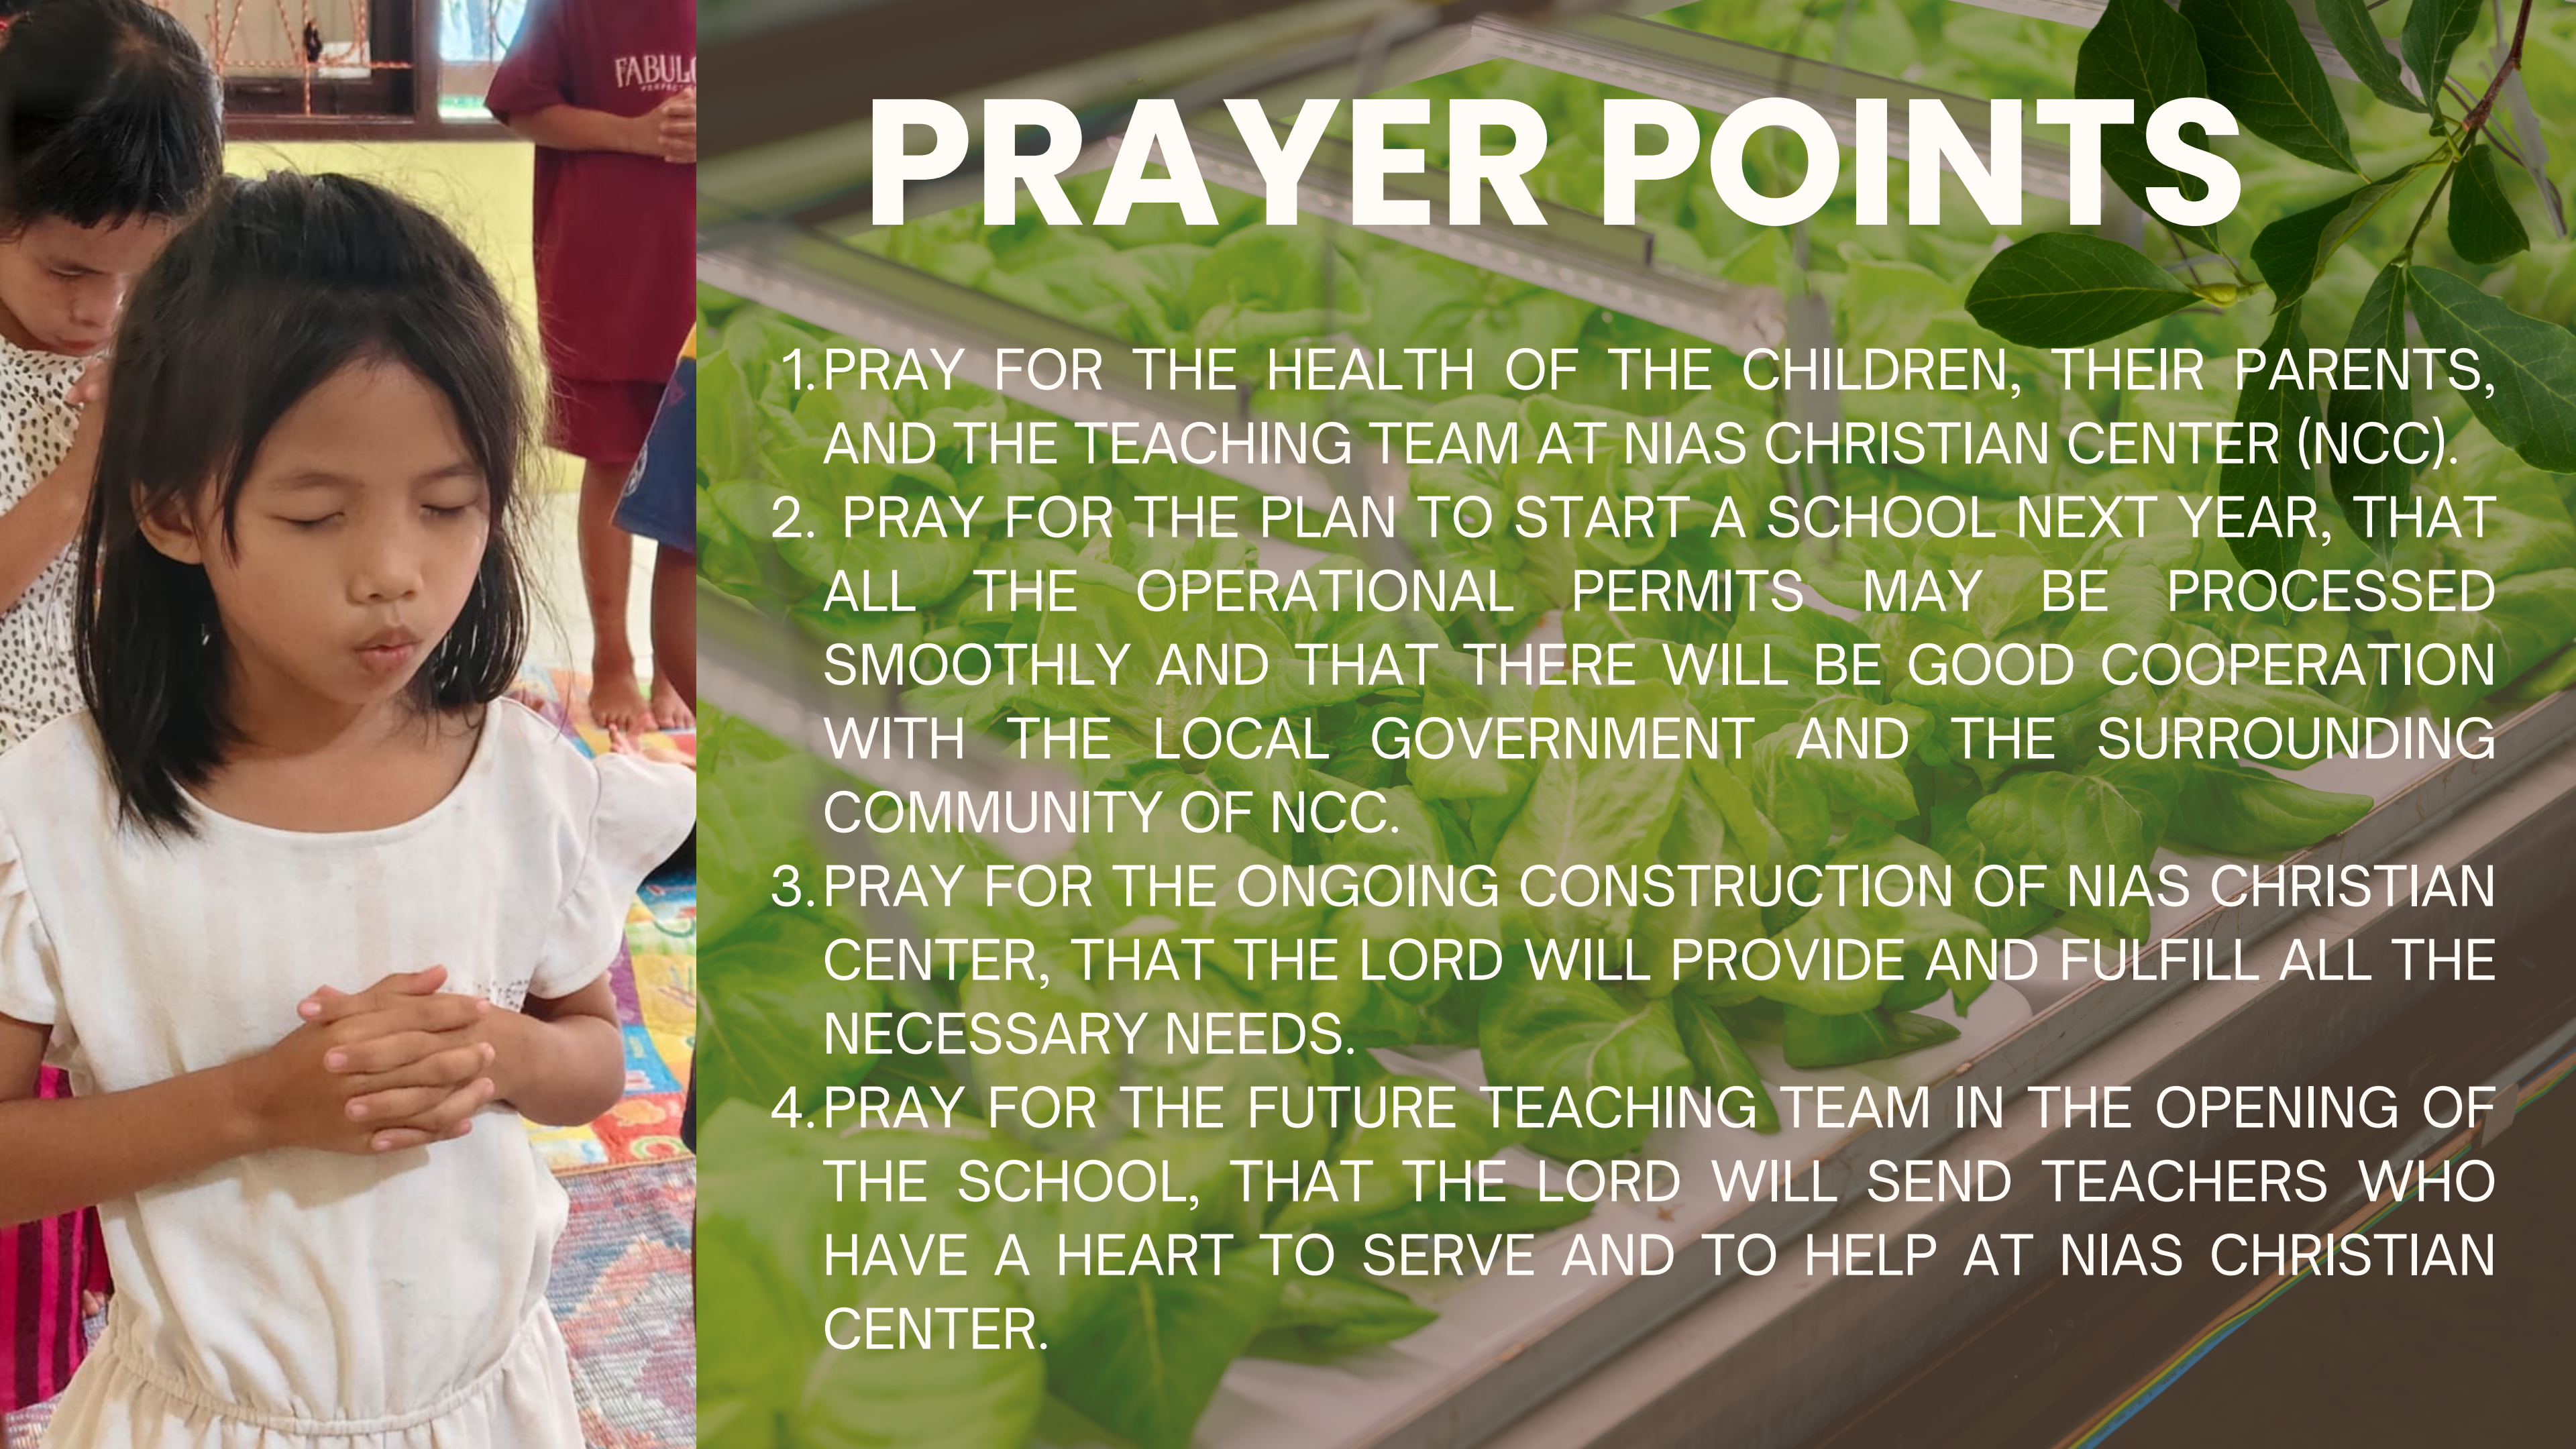

WORSHIP MINISTRY

In this week's joint worship, the children were taught through the sharing of God's Word to love and follow Jesus faithfully. It is not only about saying, "I love Jesus," but also about showing it through real actions in daily life, both in words and in behavior. The children were also taught to share and tell others about God's Word—what they have heard and experienced—with the people around them. In essence, the children were taught to be witnesses of Christ
