# SCHOOL NON-FORMAL

The children's ministry has been running well for one week. Throughout this period, God has faithfully guided every activity carried out. The children appeared motivated and showed great enthusiasm in participating in the learning process. This has become a positive encouragement for the continuation of the children's ministry program in the future.

# CHILDREN'S SPIRITUAL DEVELOPMENT

To teach children to know God more deeply. Not just to know about Him, but to understand that He is the Savior of humanity who is able to do great things beyond human ability.
