SCHOOL NON FORMAL

The children's lessons take place with joy and enthusiasm; in every session they become more confident in trying new things, quickly grasp the material, and support one another, making the learning process not only beneficial but also enjoyable and positively impactful for their growth.

NCC HILIOFONALUO

The children's lessons take place with joy and enthusiasm; in every session they become more confident in trying new things, quickly understand the material, and support one another, making the learning process not only beneficial but also enjoyable and positively impactful for their growth. Praise God, at the Baloho lessons, the number of children learning at NCC Baloho continues to grow day by day.

NCC BALOHO

RED THE BIBLE

Praise God, the children have been taught how to open the Bible properly, starting with an introduction to the Old and New Testaments, as well as how to find chapters and verses, so that they are becoming more familiar with reading and understanding God's Word.

Indeed, many children still do not know how to open the Bible, and some even said that they never read the Bible at home, making this learning a valuable opportunity to help them know and love God's Word.

VISITING THE SICK

We visited Fian, who had been unable to attend lessons for several days due to fever and cough. During the visit, we not only encouraged Fian to recover quickly but also prayed for him and showed care so that he felt supported and strengthened. Even though he could not join the lessons for a while, he still experienced love and togetherness from his friends and his miss.

PLAYING TOGETHER

Before the lesson begins, the children joyfully play together, making use of the simple toys available, yet still creating an atmosphere full of laughter, cheerfulness, and beautiful togetherness.

WORSHIP TOGETHER

Praise God, besides studying, the children also take part in regular worship services. This activity provides an opportunity for them not only to grow in knowledge but also in faith, as they learn to pray, sing, and listen to God's Word with joy.

Both in the Hiliofonaluo lessons and in Baloho, once a week we hold a worship service together. Through this worship, the children are strengthened, equipped, and trained to draw closer to God from an early age, so that they may grow into a generation that fears the Lord.
