School Non Formal

In one week, the children continued to show their enthusiasm for learning even though the weather was sometimes unfavorable.

Heavy rain or scorching heat did not dampen their spirit to come and take part in the learning activities with joy. They studied diligently, listened attentively, and tried their best to understand each lesson given.

This enthusiasm shows that they have a longing to keep progressing and not easily give up because of the circumstances around them.

School Non Formal

Praise the Lord, the number of children at NCC Baloho is increasing day by day. Each gathering feels more lively with the presence of new children who come with great enthusiasm. They arrive with joyful hearts, eager to learn together, listen to God's Word, and take part in the various activities prepared. Their presence brings special joy to everyone involved in this ministry.

Even more beautifully, the children at NCC Baloho not only come by themselves but also invite their friends to join. With joy, they share their wonderful experiences at this learning place, which encourages more children to attend. This is a sign that the seeds of goodness are growing, and from an early age, the children are already learning to be a blessing to others by inviting their friends to know God more closely through the activities at NCC Baloho.

RED THE BIBLE

The children eagerly take part in the Bible Exploration activity, where they learn to read while also getting to know God's Word. Through this activity, they become more skilled in reading while also understanding the truths of the Bible in a simple way. This helps them grow in knowledge and love for God from an early age.

Worship Together

Praise the Lord, the children's worship service went well and was filled with joy. From the very beginning, they sang and praised God with cheerful voices, prayed in a simple yet sincere way, and listened to God's Word with open hearts. The children also took part in every activity in an orderly manner, from prayer, singing, and spiritual games to listening to a short devotion suited to their age. Through this service, it is evident that the children are being drawn closer to God and growing in faith from an early age.

Birthday celebration

Praise the Lord, the children were filled with joy when their birthdays were celebrated. With bright smiles and happy hearts, they enjoyed every moment, from praying together, singing, to blowing out the candles simple yet deeply meaningful. Their happiness was evident because they felt noticed, loved, and valued in this fellowship.

Some of the children even shared honestly that at home they had never experienced a birthday celebration before. This made the simple event so special for them, as it was the first time they could feel the joy of having their birthdays celebrated with love. The celebration was more than just a party; it became a new experience that taught them about love, togetherness, and gratitude to God.

Moreover, the birthday celebration became an opportunity to instill spiritual values in the children. They were reminded that every added year of life is a blessing from God that should be celebrated with thanksgiving. In this way, the celebration not only brought outward happiness, but also nurtured their faith, gratitude, and understanding that their lives are held in God's loving care.
