

Direct2CyberShield

Direct2CyberShield offers comprehensive cyber insurance to safeguard businesses when primary defenses fail. Zero-day attacks, compromised credentials, or disgruntled employees can circumvent even the best security measures, and basic cyber coverage is not adequate. Protect your business from the escalating costs related to data restoration, lost revenue, legal fees and crisis management that result from a cyber incident.

Protect Your Business

In today's digital landscape, businesses face an increasing threat from cyber attacks. From ransomware to data breaches, a single incident can disrupt operations, damage your reputation, and result in significant financial losses. Cyber insurance offers a crucial safety net, providing your business with the financial support and resources to recover swiftly from a cyber attack or data breach.

Cyber insurance solutions offered by Direct2CyberShield completes the circle of tools protecting your business.

Why Cyber Insurance is More Important than Ever:

- **Rising Cyber Threats:** A company is targeted by a cyber attack every 39 seconds. No business is too small to be a victim.
- **Costly Breaches:** The average cost of a data breach reached \$4.88 million in 2023, and these costs continue to rise.
- **Ransomware on the Rise:** Nearly 71% of ransomware attacks successfully encrypt business data, costing companies an average of \$5.3 million per incident.
- **Downtime is Expensive:** Downtime due to cyber attacks costs small and medium-sized businesses an average of \$427 per minute.
- **Future at Risk:** 60% of businesses experiencing a cyber attack go out of business.
