Al-Nokhba International

## Who we are ?

Al Nokhba International Project Management Company, an Egyptian professional company in various fields, we use the latest methods in the project management system in order to provide the best possible services in project management and business development.

Our company relies on great experience in project management by engineers and technicians with great experience and professionalism in this field by following the latest international methods.

# Our Vision

# To Be The First

To be always the  
first choice by  
customers

the vision of our company is working to build confidence and understanding with its customers in order to become always in progress.

By providing our services with high efficiency and quality, while anticipating all potential risks and being prepared to face them and deal with them with the latest methods and with the least losses, we strive to ensure the ability to balance the implementation of the project and the schedule set for it.

# Our Message

Do you deserve to  
be Trusted?

We are seeking to create a long-term relationship with our customers and get their trust. They are an essential part of our success, and we're ready to take on all the challenges to achieving that.

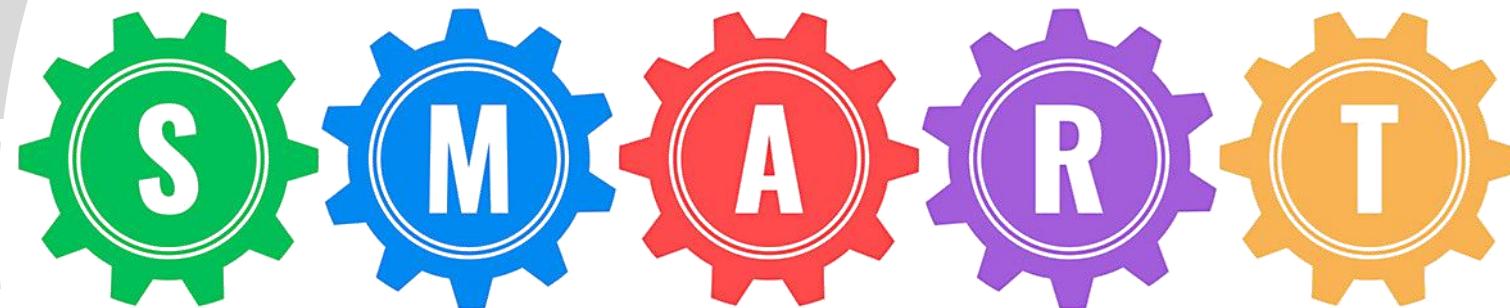

## ► Our objective

As a professional entity, we aim to improve performance and project management results, and we are seeking to provide a remarkable development of services so that we can provide the highest level of professionalism and competence. Our vision should be systematic based on continuous development to maintain our quality standards and requirements of the project that we offer and to commit to the highest quality to deliver the project ahead of schedule.

# What's your goal strategy?

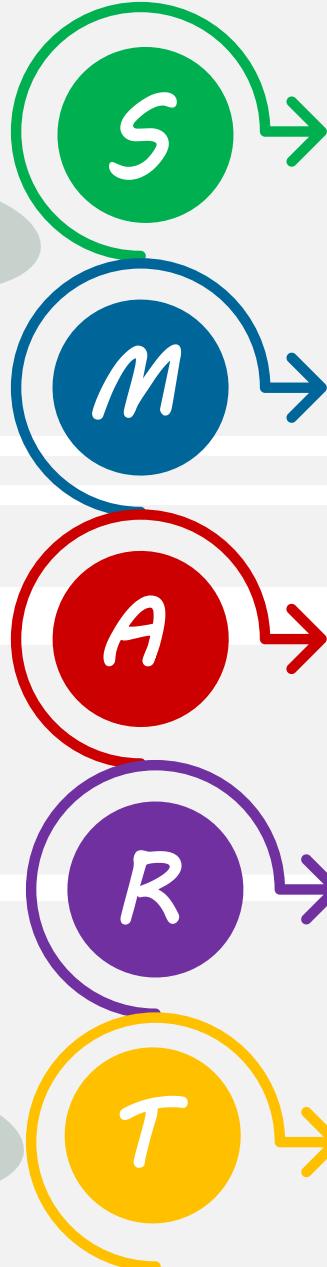

SPECIFIC

MEASURABLE

ACHIEVABLE

RELEVANT

TIME-BOUND

## **Specific**

Who? What? Where?

Use details while keeping the goal clear and succinct. **What will you do?**

## **Measurable**

From? To?

Identify evidence for when you reach the goal.

**How will you Know?**

## **Achievable**

How?

Is the goal reasonable enough to be accomplished? How so?

Make sure the goal is not out of reach or below standard performance.

## **Relevant**

The goal should meet personal interests, skills, and resources.

**Can you achieve it ?**

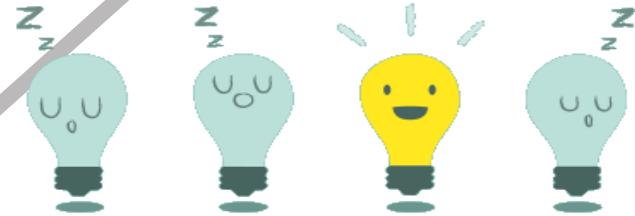

## **Time Bound**

Create a time frame for accomplishing the goal ?

**What is the deadline?**

The principle of the company  
and adding value to  
customers, employees and  
other stakeholders is to  
provide

Creativity

Development

Achievement

We Plan  
For Your  
Future

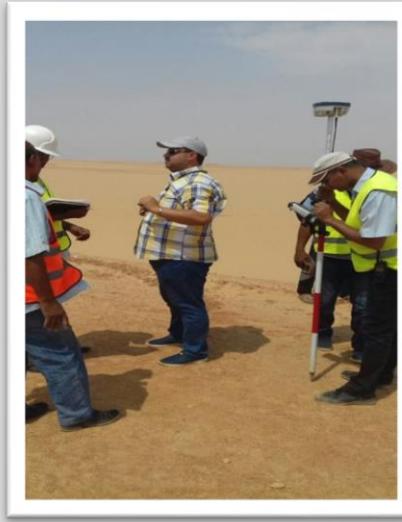

We offer a range of financial and business expertise which can be provided alone or to complement our management services. As with all our services our financial consultancy is always tailored to meet requirements. services like Compiling and reviewing financial strategies plans and statements Performance reviews of financial management controls and processes Undertaking value for money projects Planning, implementing and managing capital for development projects Securing short and long-term finance Procurement systems.

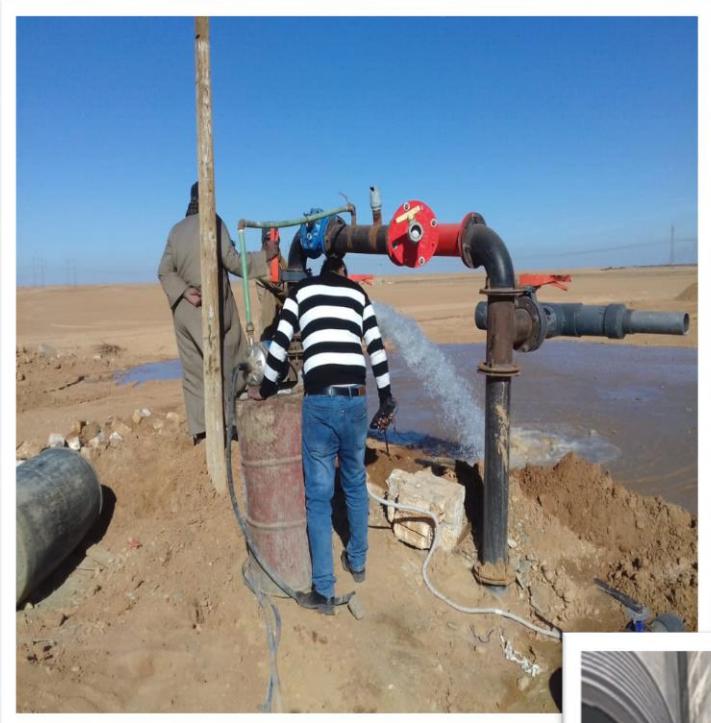

Our Team Managers will report on the feasibility and practicalities of your delivery requirements thereby managing expectations. In addition, they will provide real-time status reporting on timescales, costs, and resources.

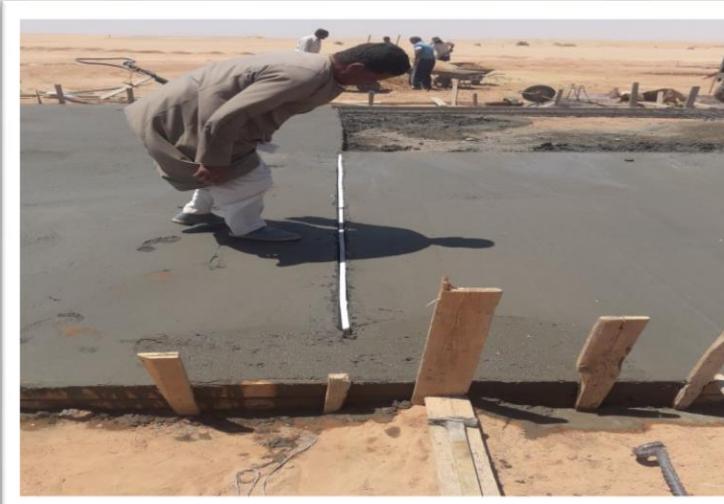

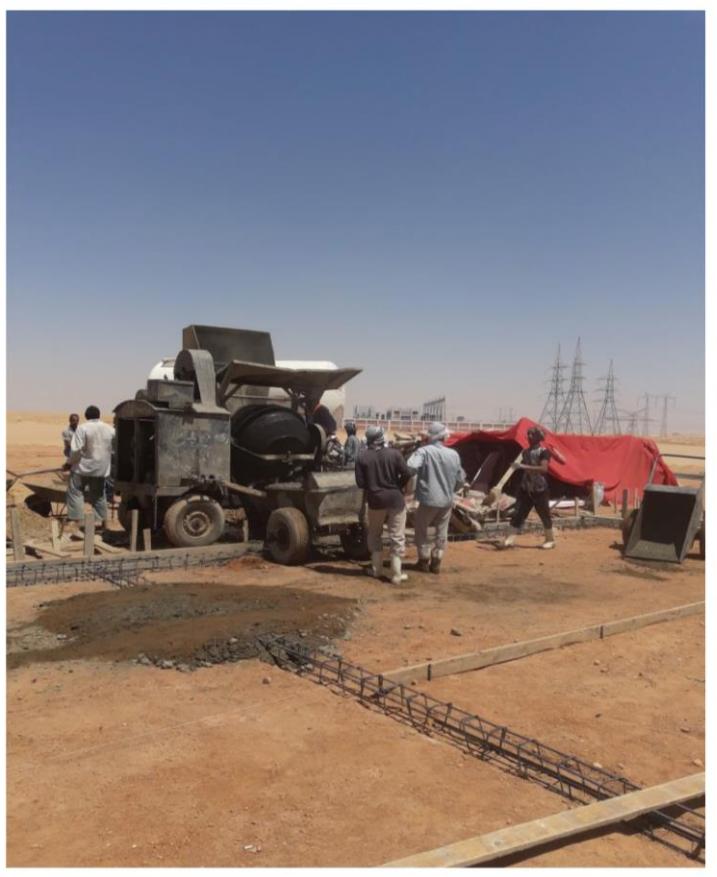

A collage of business-related images. On the left, a laptop keyboard is visible. In the center, a person's hand points at a document with a pie chart. On the right, a person holds a clipboard. The background shows blurred figures of people in an office setting.

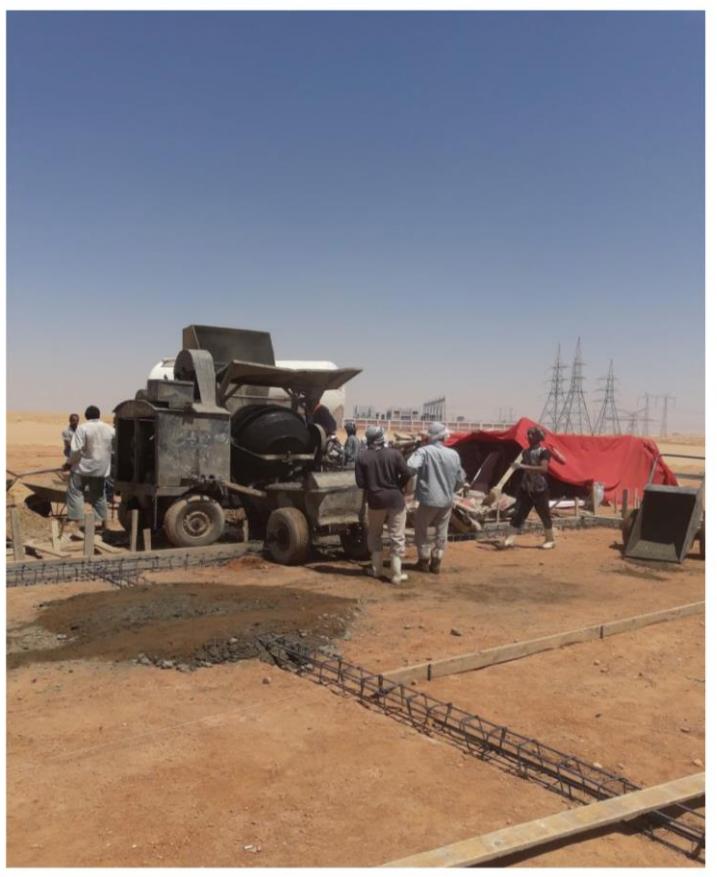

Our  
pervious  
work

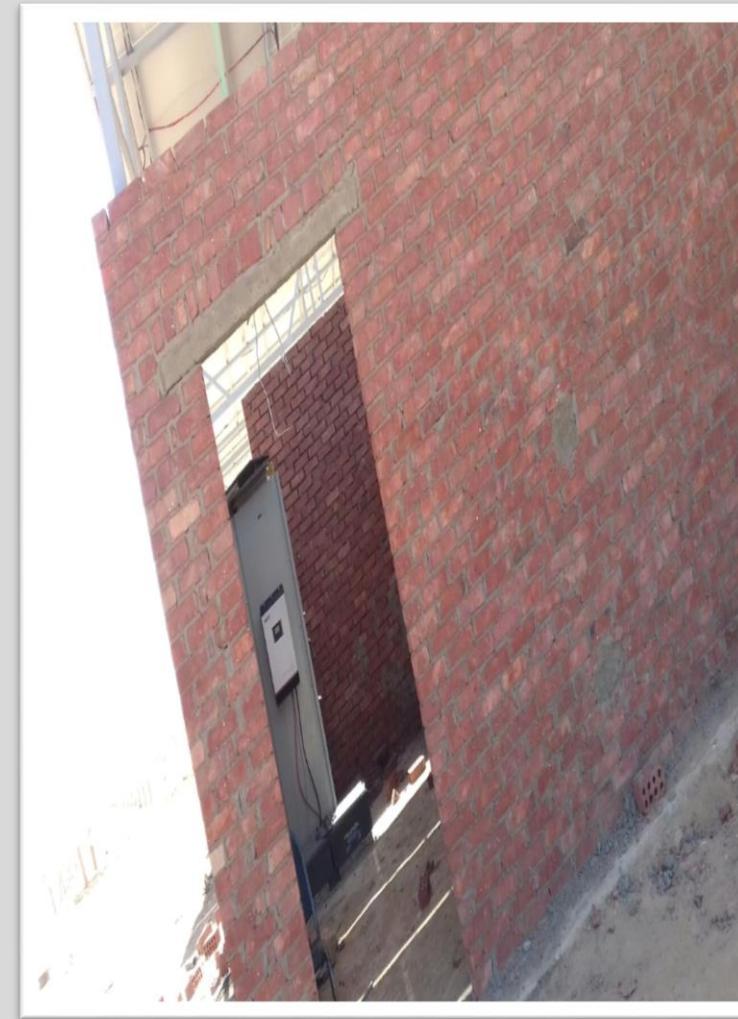

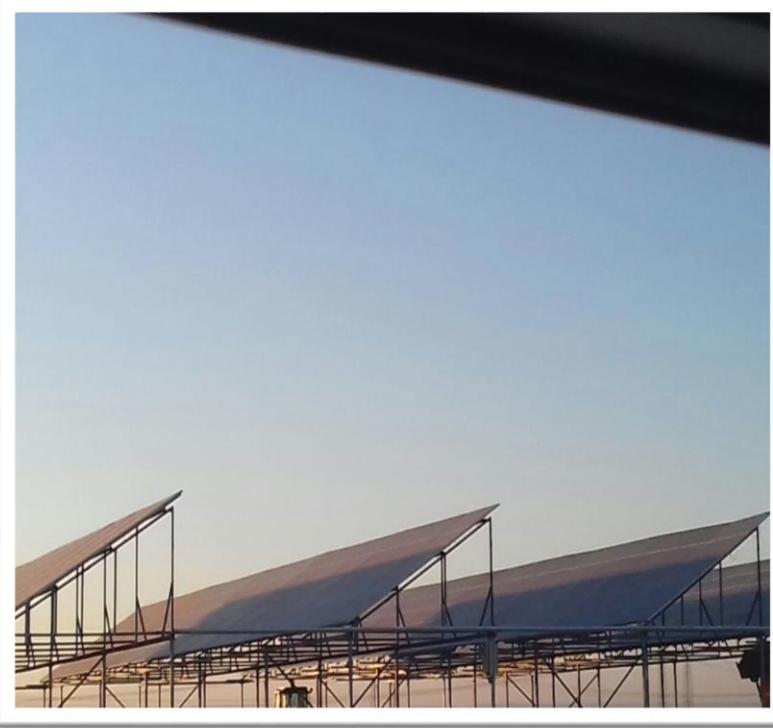

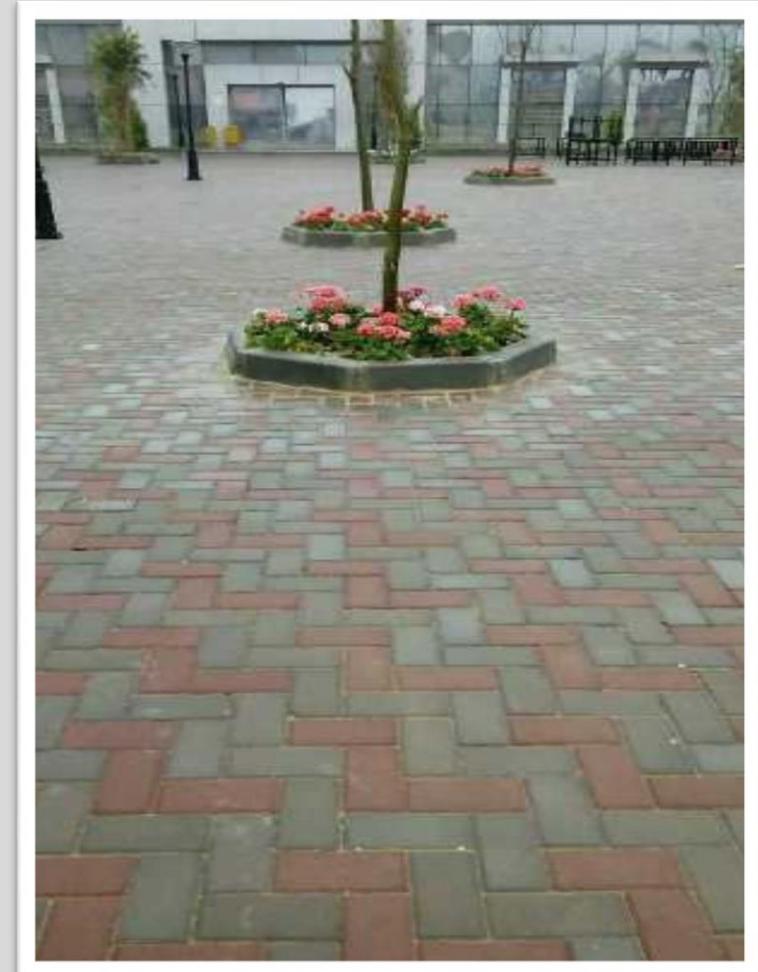

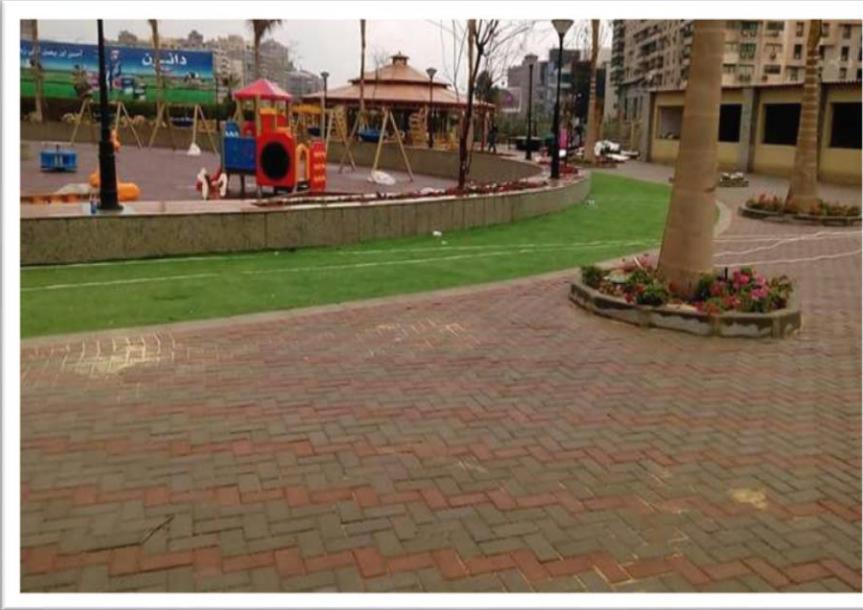

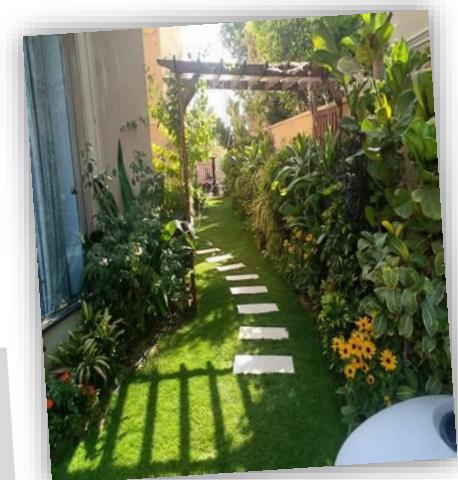

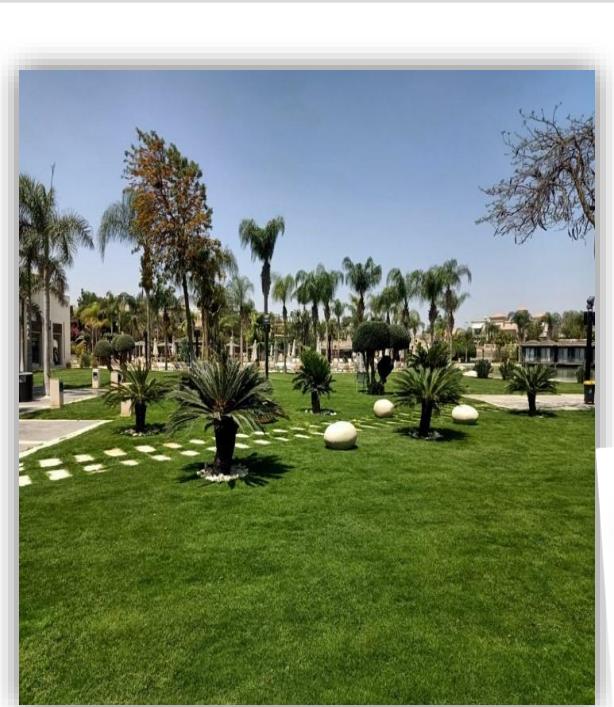

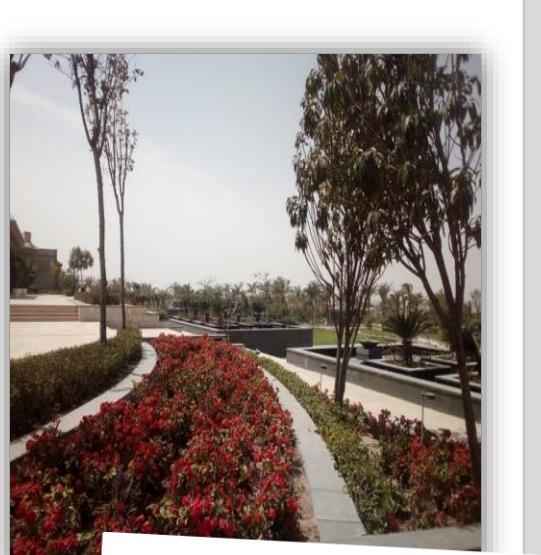

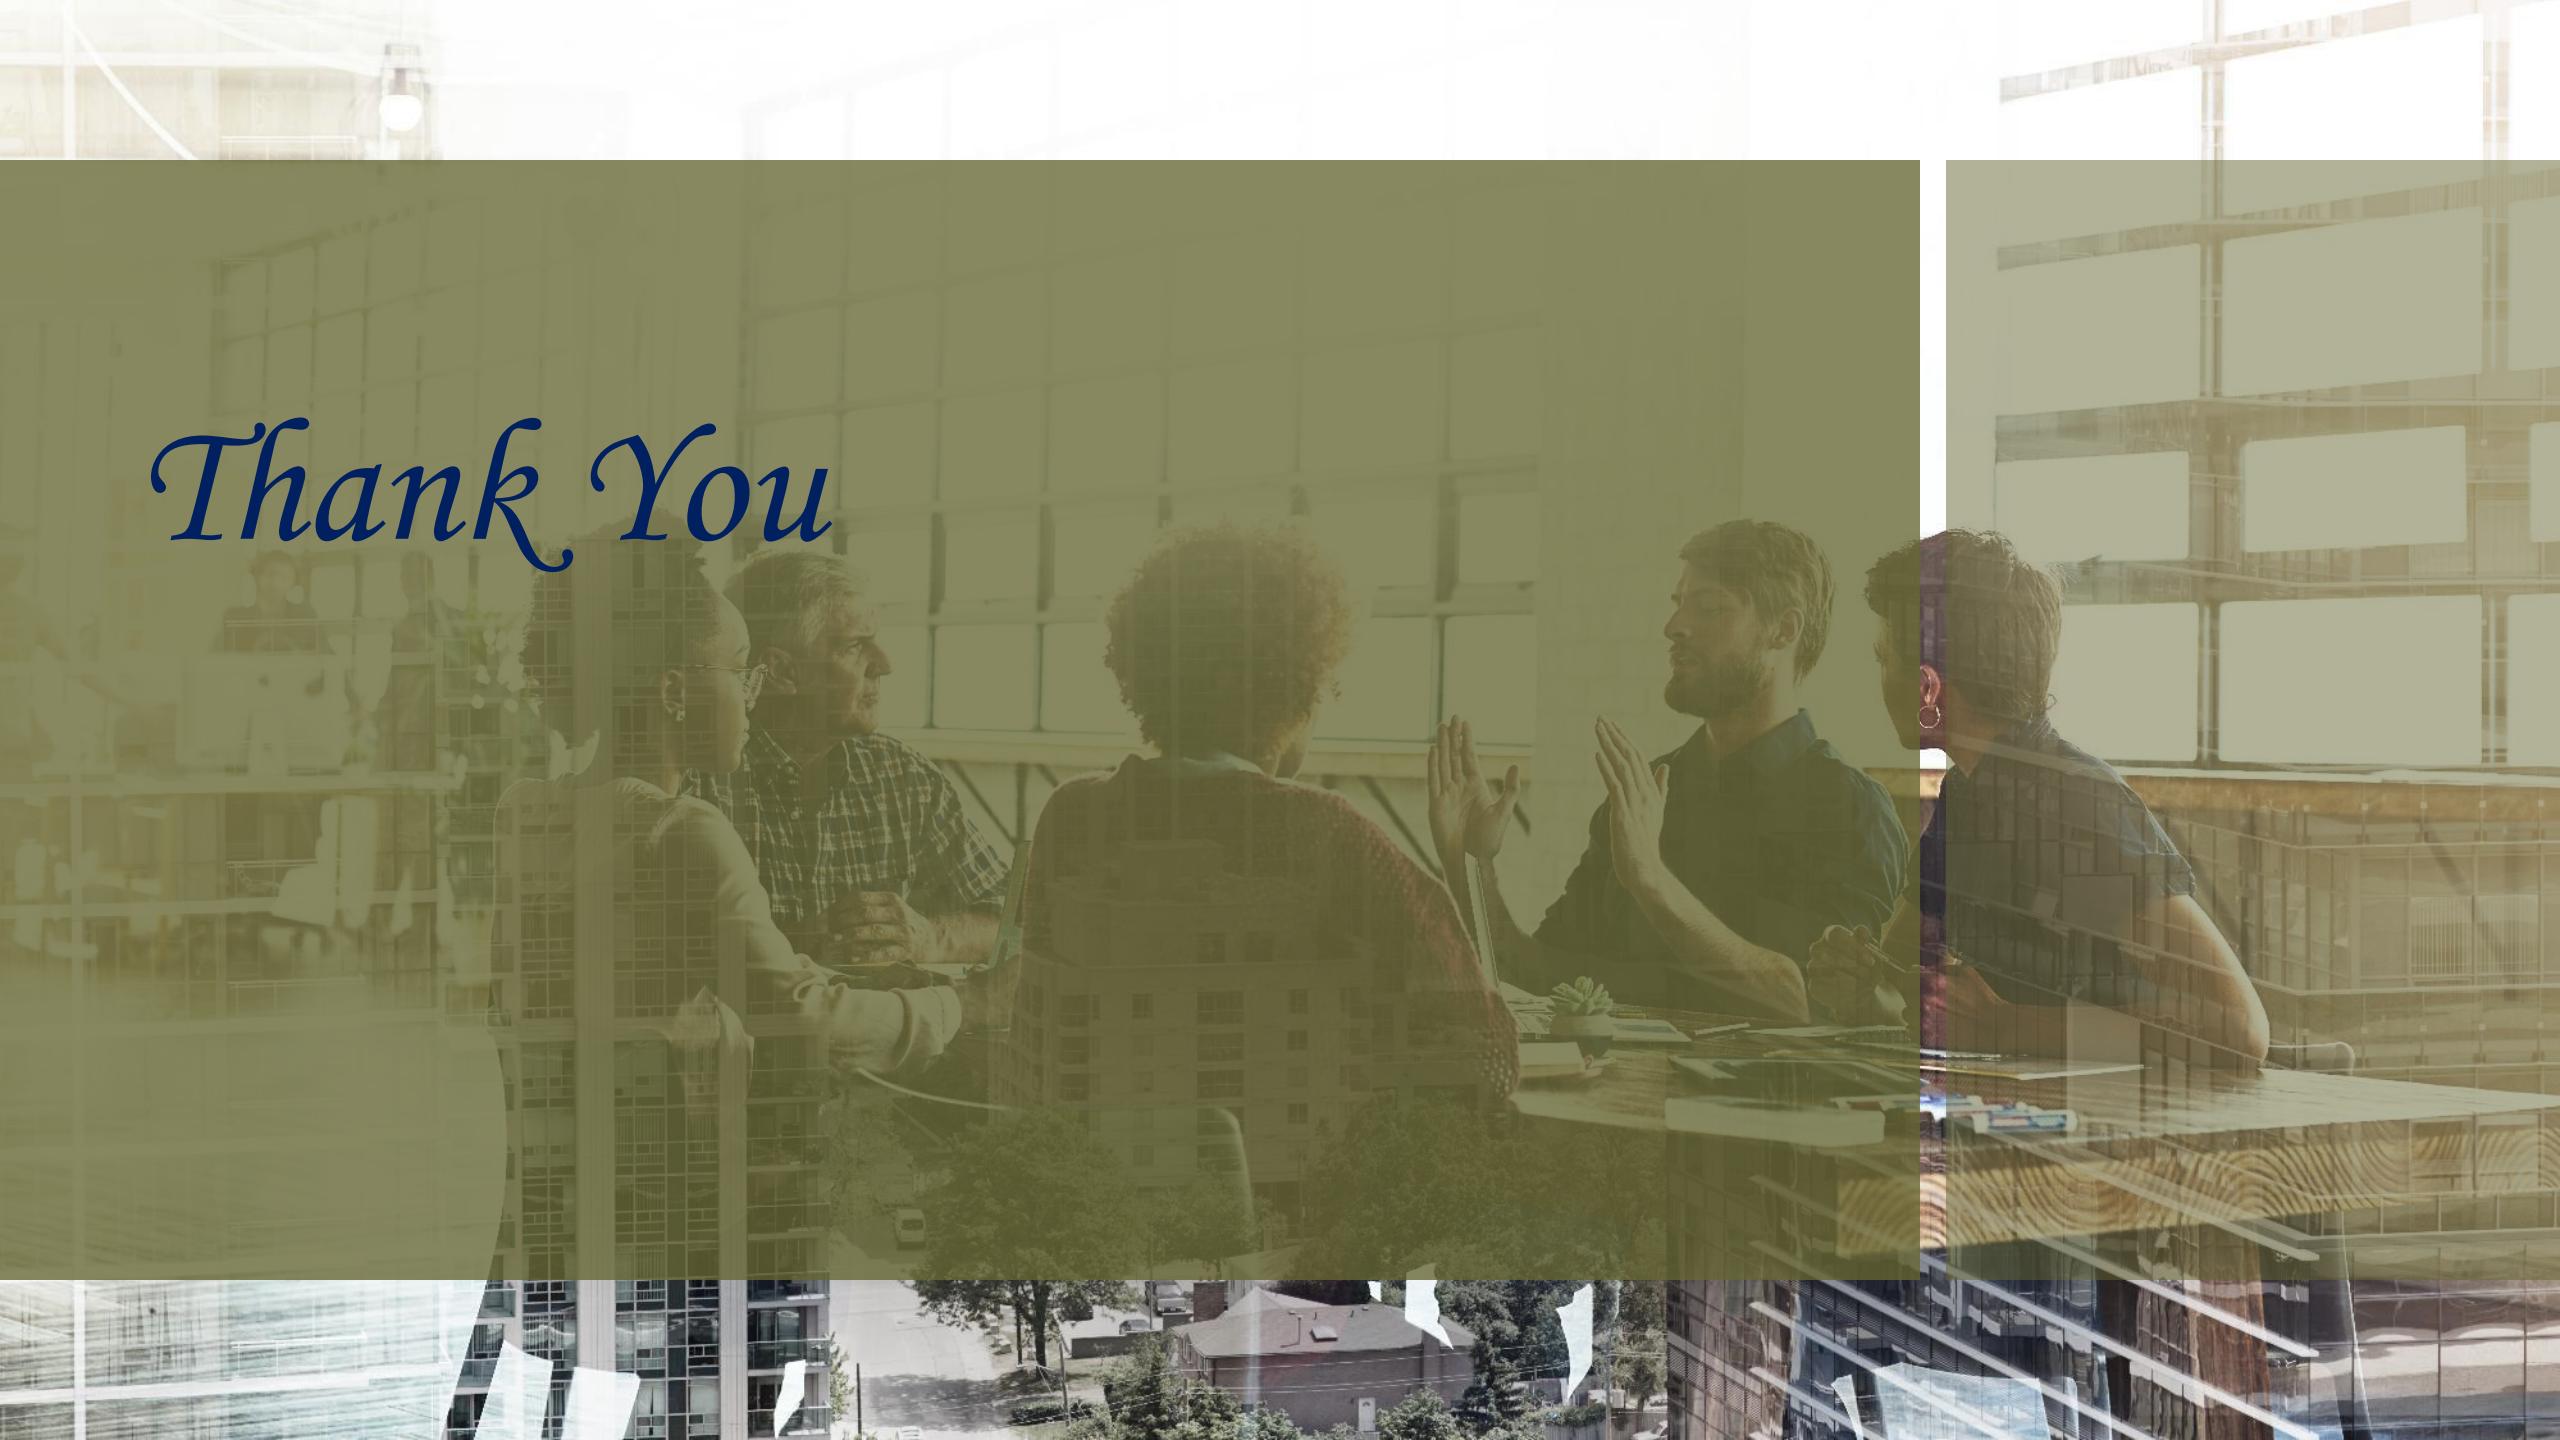

A collage of images showing people in various professional settings, including a meeting, a presentation, and a modern office interior.

*Thank You*
