## **MEETING MINUTES**

## **MEETING MINUTES**

Tom Dearden started the meeting on 3/3/2011 at 6:08pm at the Wirt library with 9 members present and one visitor. Frank Jagelka came to get information on an MCX2 that was purchased as a gift.

Minutes from the previous meeting were accepted as printed in the February newsletter.

**Treasurer's Report** – The treasurer's report showed a balance of \$1600.71 in the checking account.

**Safety report** – Wayne brought up that the Frankenmuth indoor flies have been going well.

**Web report** – All should be working and Mitch will be adding additional pictures shortly.

**Board report** – The report was given by Peter which covered:

- It was discussed if a letter should be mailed to past members, reminding them to re-join this year. This motion was voted down, as it is known that most members don't re-join until flying season starts.
- Mark Samyn will return home on March 15<sup>th</sup>. We're looking forward to seeing his flying skills at the field once again.
- Details of the annual fly-in were discussed. It was voted on and approved to make this a two day (Saturday-Sunday) event. It will now be held July 9<sup>th</sup> & 10<sup>th</sup> from 10:00am – 3:00pm with pilot registration starting at 9:00am both days. Pilots will receive a voucher for a free meal. A \$5.00 donation per car will be requested at the gate for any non-pilots.
- The AMA has put a link on their site to make it very easy to let our representatives know how we feel about the FAA involvement in our hobby. Please take the time to visit the site and fill out these important documents (it only takes a couple of minutes). This MUST be done NOW, since once the law has been made it will be too late to change anything.
- Wayne, Mitch & Ellen will be setting up a display in the library. Wayne has requested that if you have anything that you would be willing to put in the display case, please send him pictures so that he will know how to fit it in.
- A motion was made and passed to have a 50/50 drawing at each of the club's monthly meetings.

## **AMA update FAA regulations:**

Congressional Awareness Campaign launched;  
All urged to write their federal representatives

The FAA is poised to propose regulations on model aviation this summer. By law, the FAA is not allowed to reveal the details of its pending ruling until its release. What we do know is that restrictions are indeed coming. At this point the best way to influence federal agency decision-making is through Congress. All who support model aviation are urged to visit [modelaircraft.org/gov](http://modelaircraft.org/gov) to learn about the issue and to participate in a very quick and easy letter-writing campaign. Just a few clicks and you'll add your letter to the more than 75,000 others already sent! You can always submit your questions and concerns to the AMA advocacy team at [amagov@modelaircraft.org](mailto:amagov@modelaircraft.org) .
