## **MEETING MINUTES**

Our President, Mike Massey started the meeting on 4/5/2012 at 6:02pm at the Library with 5 members present and 3 visitors.

Minutes from the previous meeting were accepted as printed in the March newsletter.

**Treasurer's Report** – None as the Treasurer was absent.

**Safety report** – Wayne discussed some of the safety items that he discovered recently while cutting foam wings. The main item is to be very careful of the hot wire.

**Web report** – Dave presented the newly updated webpage. Much of the content is the same, but with a different format and simpler navigation. There is still some miscellaneous content to add such as pictures and the event schedule, but the website is currently completely operational.

**Board report** – Peter gave the Board report which covered:

- In the early days of the club, each officer was provided with a notebook containing several club documents. Since that time, the new officers have not received new or updated notebooks. Dave will be compiling these & handing them out during one of the upcoming meetings.
- Discussion if Mark Wolcott should spray the field again. Dave motioned, seconded by Wayne. Motion passed.
- Valley Aero Club presented our club with a check for \$60 to go toward insurance for flying at James Clements airport.
- Field rules need to be added to the website as well as being posted at the field.

### **Old Business:**

- None

### **New Business:**

- Mike Young's dues were paid and he was re-voted in.
- John Wright and John Baillargeon filled out applications online and paid their dues at the meeting. Both new members were voted in. Welcome to the club!
- Ryan, Mike & Peter will be putting on a demo at St John's school in Essexville on Tuesday, May 22 from 12:30 – 2:45 as part of their career/hobby day. If anyone else is interested, please contact Mike for more information.
- The 2012 Spring Fling event in Mt Pleasant. See mmrcha.org for more info.
- Discussion of the AMA/FAA issue & what's going on with it currently.

### **50/50:**

- The drawing will be postponed until summer when we'll have better attendance.

### **Show & Tell:**

- Mike brought in his Fish Air Swimmer. A helium filled blimp powered by an R/C operated tail. These can be found at Toys-R-Us.
- Wayne showed us one of the foam wings that he has cut for his new project. Pretty cool stuff!
- Peter showed us pictures from his adventure to Florida where he got the chance to fly the P-51 Crazy Horse. This is not an R/C model, but instead the real thing. Peter is not new to P-51's, in fact this is the third time he's had this incredible opportunity. Way to go Peter!
- Peter also showed pictures that he took while at the Florida Jets air show. This is a very large jet only air show with pilots coming from all over.

Meeting adjourned at 7:20pm.
