

Testimonials

“Elizabeth has been an indispensable member of our family support team. Our student went from having no interest in reading and being behind academically, to jumping up a level in standardised test scores while also searching out opportunities to read at school and home. He counts down the days until he can see Ms Elizabeth and leaves every session with a smile and a sense of accomplishment. We are very pleased with our partnership and look forward to continuing to work together!”

We are incredibly grateful for the support, patience, and dedication Elizabeth has shown throughout this past school year. As our daughter began 5K, she was navigating many new learning experiences, and Elizabeth played a huge role in helping her build confidence and develop important early literacy skills.

Through engaging/creative lessons and individualized attention, our daughter has made wonderful progress with sentence structure, reading readiness, and language development. Elizabeth has a remarkable ability to make learning both fun and effective, always meeting our daughter where she is and helping her grow at her own pace.

What we appreciate most is the genuine care and encouragement she provides. Our daughter looks forward to her sessions and has gained so much confidence in her abilities. We have seen tremendous growth, and we couldn't be more thankful for the positive impact she has had on our daughter's educational journey.

We highly recommend Elizabeth to any family looking for a knowledgeable, patient, and truly exceptional tutor.

Mrs. Schmid is a dream teacher. Building on her many years of experience in Wauwatosa schools, she very skillfully teaches to actual grade-level goals, all the while framing lessons in ways that keep students engaged and support their appreciation for learning. To that point, my (very risk-avoidant) daughter LOVES her weekly sessions with Mrs. Schmid. It is clear from her exuberant bouncing into her session each week that she understands tutoring to be her special, one-on-one time when mistakes are only opportunities to grow. The skills and confidence she has gained will serve her well for years to come. Thank you, Elizabeth!
