Name:

Curiosity Kids: Why is the Sky Blue?

1. If you could make the sky a different color for one day, what color would you make it? Explain why.

2. Draw yourself floating on a cloud in the sky!

3. Why does the sky change at sunset?

A. Because the sun is going to sleep.

B. Because clouds are painting the sky.

C. Because sunlight goes through more air, and blue light gets scattered away, leaving warm colors like red and orange.

3. What things do you see in the sky?
