

## Get Your Export Company Ready in 3 Simple Steps

(Even if you've never shipped abroad before!)

### Step 1: Export Setup

Get your foundation ready so you can legally and smoothly export.

-  Register your business (Proprietorship, LLP, or Pvt Ltd)
-  Apply for IEC (Import Export Code) – your passport for global trade
-  Open a current account for export transactions
-  Get basic compliances (GST, export licenses if needed)

**Export Heroes Advantage:**

We give you ready-to-use document templates for business setup, bank formats, and license applications.

---

### Step 2: The Export Process

Turn opportunities into shipments without confusion.

-  Find your buyer (online B2B portals, exhibitions, buyer-seller meets)
-  Source & pack products as per international quality standards
-  Book freight & arrange customs clearance
-  Ensure payment safety via LC or advance payments

**Export Heroes Advantage:**

We provide a Budgeting & Shipment Cost Calculator so you know exactly how much profit you'll make before saying "yes" to a buyer.

---

### Step 3: Post Export Process

Build a reputation and get repeat orders.

-  Complete post-shipment documentation for payment release
-  Submit documents to the bank and upload into EDPMS
-  Claim export incentives from the government
-  Obtain e-BRC from the DGFT portal
-  Maintain buyer relationships for future deals

Export Heroes Advantage:

We share a [Contacts Directory](#) of trusted freight forwarders, CHA agents, and packaging suppliers so you never waste time searching.

---

### Why This Matters

Imagine this:

You've just received an email from a buyer in the UK asking for 1 ton of mangoes.

-  Your company is already registered.
-  Your IEC is active.
-  You know exactly where to get the packing boxes, which freight forwarder to call, and what price to quote because your budgeting sheet is ready.

Result?

You can confirm the order in hours — not weeks — and get paid faster.
