

Viewing Information About Upcoming Training

Once you log into your Student Profile you can view any past and upcoming training events. This will allow you to view full details of the booking, including venue, address, times and delivery mode. It will also give you access to all important course information so you can be fully informed about the training you are undertaking,

When viewing a course you will also be able to view the contract details for your provider of Training for that specific course as well as access any linked online pre-course work (if relevant).

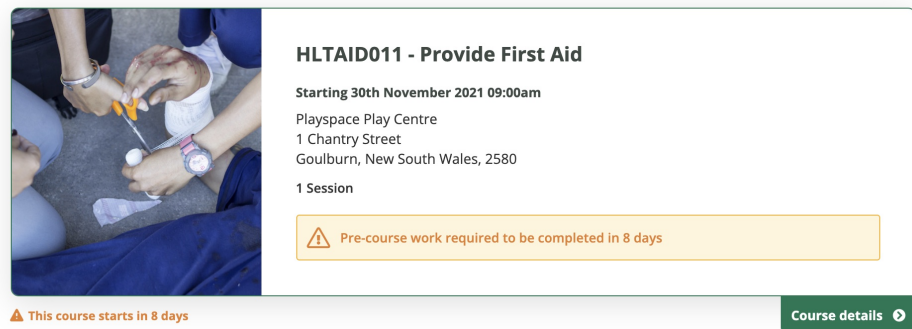

Students are able to go back into past course and review the online work component at any time.

Steps for accessing your Courses

1. Ensure you are logged into your student profile
2. Locate the course you are interested in on your dashboard (this will show all past and future courses)

Courses

3. Select course details

The screenshot shows a course card with the following details:

- HLTAID011 - Provide First Aid**
- Starting 30th November 2021 09:00am
- Playspace Play Centre
