**Nami by Francesc Rife Studio**

Nami is our first outdoor furniture collection made of wood. Inspired by the concept of "nami," which means "wave" in Japanese, this family combines a light frame of lacquered round aluminum tubing with the solidity of iroko wood. Thus, we achieve a product where soft lines, color details, and the warmth of wood coexist.

Nami es nuestra primera colección de mobiliario de exterior fabricada en madera. Inspirada en el concepto "nami" que significa "ola" en japonés, esta familia combina una ligera estructura de tubo redondo de aluminio lacado con la contundencia de la madera de iroko. Así, obtenemos un producto donde conviven líneas suaves, detalles de color y la calidez de la madera.
