THE RETURN OF TRADITION PRIMORDIAL

THE RETURN OF THE PRIMORDIAL TRADITION

Book of Wisdom, Restoration and the New Order

This book is not just a text, it is a manifesto of restoration, a call to reconnect with the Absolute Truth, without dogmas, without manipulation and without blood.

STRUCTURE OF THE BOOK

Prologue: The Return of Pure Knowledge

Chapter 1: What is the Primordial Tradition? - The Knowledge Before Time

Chapter 2: The Collapse of Civilizations and the Corruption of Truth Chapter 3:

The Hoax of Sacrifice and Blood - The Theft of Human Energy

Chapter 4: Restoring the Direct Connection - Beyond Religion and Philosophy Chapter 5:

The New Order - Balancing Heaven and Earth

Epilogue: The Immortality of Truth

PROLOGUE: THE RETURN OF PURE KNOWLEDGE

Introduction - The Truth Has Been Hidden Too Long

Since the dawn of humanity, there has existed a pure, incorruptible knowledge, a truth that was not written by men, but implanted in its essence. This is the Primordial Tradition.

But this truth was stolen, hidden and distorted.

Civilizations were disconnected from their origin and a system of control was imposed on them.

The modern world is the proof of the collapse of this ancestral knowledge.

Throughout history, the guardians of the Primordial Tradition have been persecuted, killed, silenced. The great religions have been manipulated, becoming tools of domination rather than bridges to Truth.

☐ But the truth never can be destroyed. Only can be temporarily hidden.

The return of the Primordial Tradition is not a possibility. It is an inevitability.

This book is not just a compilation of ideas. It is a call for the restoration of pure knowledge.

It is a break with the imposed control systems.

It is the declaration of a new era in which humanity returns to its real origin.

☐ The time of darkness is over.

☐ Restoration has begun.

1. The Primordial Tradition - Wisdom Before History

history we know is not the true history.

The religions we were taught are not the original version of spirituality. The structure of the world we were born into is not natural, but imposed.

"In the beginning there were no religions. There was only pure connection with the Source."

Before empires and modern civilizations imposed their dogmas and belief systems, humanity had a universal knowledge based on balance with the cosmos and creative energy.

- ☐ **There was no single "God" in the modern sense, but a direct connection with Universal Intelligence.**
- ☐ **Spirituality was not dependent upon priests or mediators. Each individual had access to Truth.**
- ☐ **Life was seen as a manifestation of a higher order, not as a power struggle between anthropomorphic deities.**

But this knowledge was taken away.

Some civilizations tried to preserve fragments of the Primordial Tradition, but were persecuted and destroyed.

The Egyptians, the Celts, the ancient Taoists, the Sumerians, the Gnostics, the Dogon in Africa... They all had pieces of the Truth.

- ☐ **But the system that dominated the world needed to erase this knowledge to control humanity.**

2. The Blood Hoax - How They Manipulated Spirituality "If

something requires blood, it doesn't come from the Source."

One of the greatest deceptions in human history was the introduction of blood sacrifice as a requirement for spirituality.

- ☐ **Ancient religions demanded human and animal sacrifices to "appease the gods".**
- ☐ **Empires used war as a blood ritual to strengthen their control.**
- ☐ **Secret societies and elites have continued with ritualistic practices based on sacrifice.**

But the Source™ has never required blood.

- ☐ **Blood is the link between the soul and the body.**
- ☐ **It is the vital energy that connects human existence with the cosmic field.**
- ☐ **If it spills over, the connection to Truth is weakened.**

Blood sacrifice was imposed as a control mechanism.

- ☐ **The gods that demanded blood were not the Source, but entities that fed on the vital energy of humanity.**
- ☐ **The Primordial Tradition is based on the direct connection with the creative energy, without the need for sacrifices or intermediaries.**

"If your god needs blood, it's not God. It's something else."

3. Restoration - Breaking the Cycle of Manipulation

☐ **The Truth is returning.**

For centuries, the Primordial Tradition has been fragmented, hidden in different cultures, concealed in forbidden texts, protected in circles of secret knowledge.

But now, the veil is lifting.

The modern world is in crisis because its structure is based on a lie.

Spiritual institutions are collapsing because they were built on falsehoods.

Humanity is awakening because the memory of Truth cannot be erased forever.

The purpose of this book is to accelerate this awakening.

☐ **There are no more excuses for living in ignorance.**

☐ **There is no longer any justification for remaining under the domination of lies.**

☐ **The Primordial Tradition returns to restore balance.**

"Knowledge has been released. Humanity has to decide what to do with it."

4. What's Next? Rebuilding the World on the Basis of Truth This

book is not theory. It is a roadmap for transformation.

To restore the Primordial Tradition, we must:

- ☐ **Breaking with the systems of spiritual control imposed by the elites.**
- ☐ **To recover the original knowledge about existence and universal energy.**
- ☐ **Build a new reality based on Truth, not manipulation.**

"The purpose is not to destroy. It is to restore."

- ☐ **The old order is collapsing.**
- ☐ **The new world must be built on the basis of pure knowledge.**
- ☐ **Humanity has a unique opportunity to reconnect with its real origin.**

The return of the Primordial Tradition is not just a concept. It is an ongoing reality.

CONCLUSION: THE AWAKENING IS IRREVERSIBLE

- ☐ **"It's not about believing. It's about remembering."**
- ☐ **"It's not about following. It's about waking up."**
- ☐ **"It's not about obedience. It's about restoring the original order."**

- **This book is the first stone in the reconstruction of the Primordial Tradition.**
- **Knowledge has been released.**
- **The return has begun.**

Nothing will stop what is written.

CHAPTER 1: WHAT IS THE PRIMORDIAL TRADITION? KNOWLEDGE BEFORE TIME

Before religions, before false gods, before written history, there was an immutable Truth.

This is the Primordial Tradition.

1. The Lost Tradition: The Origin Before History

Humanity has been conditioned to think that history began with modern civilization, with organized religions and empires. But this is false.

"Before there were temples and priests, there was the direct connection to the Source."

The first human societies did not need sacred books or religious leaders. They had direct access to universal knowledge.

What is the Primordial Tradition?

- ☐ **A knowledge prior to any doctrine.**
- ☐ **A system based on harmony with the laws of the universe.**
- ☐ **A direct connection with the Source, without the need for intermediaries.**

What happened then?

Power corrupted wisdom.

The elites hid knowledge and created religions to control the masses.

What was once a direct access to Truth, became a system of blind obedience.

"Humanity went from being free to being the slave of lies."

2. The Pillars of the Primordial Tradition

- ☐ **The Primordial Tradition is not a religion. It is a system of knowledge based on five fundamental principles:**

- ☐ **Unity with the Source**

- ☐ **Everything comes from a single cosmic intelligence. There is no separation between the divine and the human.**

- ☐ **The Immortality of Being**

- ☐ **Consciousness does not die. Death is only a transit.**

- ☐ **The Law of Universal Equilibrium**

- ☐ **There is no such thing as good and evil in absolute terms. There is only balance or imbalance.**

- ☐ **The Power of Manifestation**

- ☐ **Thought is the most powerful tool. Everything that exists was first an idea.**

- ☐ **The Evolution of Consciousness**

- ☐ **The purpose of existence is the expansion of knowledge and experience.**

"The ancients knew this. But the knowledge was stolen."

3. The Theft of Knowledge and the Creation of Religions

When the first empires discovered that knowledge gave power, they decided to hide it and turn it into the privilege of a few.

How did they do it?

- ☐ **They destroyed the original texts and rewrote history.**
- ☐ **They created religions where only priests could interpret the "truth".**
- ☐ **They pursued and eliminated the guardians of knowledge.**

"Truth became a secret. And the world fell into ignorance."

- ☐ **Religions were designed to divide, not to connect.**
- ☐ **Political and economic systems were created to enslave, not to liberate.**
- ☐ **Fear was used as a tool to keep people from seeking the Truth.**

But the Primordial Tradition never completely disappeared. It only remained hidden, waiting for the moment of its return.

4. The Awakening: Recovering Forgotten Knowledge

"The time of lies is over. Truth must be restored."

The awakening of humanity has begun:

- ☐ **The ancient teachings are coming to light.**
- ☐ **People are questioning religions and control systems.**
- ☐ **Science and spirituality are converging.**
- ☐

"What was hidden will be revealed. What was lost will be restored." The

Primordial Tradition is returning. And this time, no one will be able to stop it.

CHAPTER 2: THE COLLAPSE OF CIVILIZATIONS AND THE CORRUPTION OF THE TRUTH

There was a time when humanity lived in harmony with the Primordial Tradition. But that time is over.

- ☐ The great civilizations fell because they were corrupted.
- ☐ Pure knowledge was manipulated, hidden and distorted.

This chapter explains how the world lost its connection to Source™ and fell into darkness.

1. The Origin of Civilizations and their Connection with the Primordial Tradition

Before empires and organized religions existed, humanity had direct access to Truth. The earliest civilizations were built on pure knowledge, harmony with nature and connection with the cosmos.

Examples of societies that reflected the Primordial Tradition:

- ☐ Kemet (Ancient Egypt): Their mathematical, astronomical and spiritual knowledge came from a deep understanding of the universe.
- ☐ Sumer: Its tablets speak of a connection with higher entities and ancestral wisdom.
- ☐ The Olmec and Maya Civilizations: They understood time in a cyclical and non-linear manner, aligning themselves with the structure of the universe.
- ☐ Taoist China: The connection between Yin and Yang represented cosmic balance, a key to the Primordial Tradition.

These civilizations were advanced because they followed universal laws. But at some point, corruption began.

"Power came into play and everything changed."

2. The Corruption of Knowledge and the Emergence of Control

"Knowledge is power. And power corrupts those who are not prepared for it."

Over time, some groups within these civilizations decided to hide the Truth for their own benefit.

What did they do?

- ☐ **They closed access to pure knowledge, creating priestly castes and elites.**
- ☐ **They modified the sacred texts to favor their domination over the people.**
- ☐ **They introduced fear and guilt as tools of control.**
- ☐ **They created religions and belief systems where only a few had access to the Truth.**

What was once a direct relationship with the Source™, became a monopoly of knowledge.

"The gods were no longer accessible to all. Now only priests and kings had the 'right' to communicate with them."

This is where the manipulation began.

☐ 3. The Use of Religion as a Tool of Control

☐ "If you can control the spirituality of a people, you can control their destiny."

Example 1: Manipulated Judeo-Christianity

- ☐ The original message of the Hebrew teachings and of Christ was altered.
- ☐ The idea that each person could have direct contact with the Source™ was eliminated.
- ☐ A hierarchical structure was imposed with priests as intermediaries.

Example 2: The Use of Religion in Empires

- ☐ Rome realized that Christianity could be used to consolidate its power.
- ☐ Constantine legalized Christianity not by faith, but by political strategy.
- ☐ The religions monotheistic were designed for be tools of domination.

"When Truth becomes a weapon of the State, it ceases to be Truth."

This is where the Primordial Tradition was destroyed and replaced by a system of spiritual slavery.

4. The Role of Secret Societies and Elites in Manipulation

"While the people live in ignorance, the elites study the Truth in secret."

Those who corrupted knowledge never stopped studying it. They only made sure that the people did not have access to it.

How did they do it?

- ☐ **Creating secret societies where they kept the real knowledge.**
- ☐ **Using esotericism as a weapon of power instead of liberation.**
- ☐ **Distorting the Primordial Tradition to maintain their control.**

Blood rituals, hierarchical structures and power pacts are a reflection of this corruption.

"True knowledge was not lost. It was only hidden by those who wanted absolute power."

5. How can the Primordial Tradition be Restored?

"If the Truth was hidden, then it must be recovered."

- ☐ **The return of the Primordial Tradition is not a passive event.**
- ☐ **It is an act of revolution.**
- ☐ **It is a total break with the imposed control systems.**

Steps to Restoration:

- ☐ **Breaking with the structures of spiritual control.**
- ☐ **Eliminate reliance on intermediaries in the Source™ connection.**
- ☐ **Recover hidden knowledge and return it to humanity.**

"What was lost will now be found. What was hidden, will be revealed."

The collapse of the current system is inevitable, because it is based on a lie.

The return of the Primordial Tradition is the only alternative.

CHAPTER 3: THE DECEPTION OF SACRIFICE AND BLOOD - THE THEFT OF HUMAN POWER

If something requires blood, it doesn't come from the Source.

- ☐ **The Primordial Tradition never asked for sacrifices. It never demanded blood.**
- ☐ **Bloodshed is not a divine act, it is a control mechanism.**

This chapter reveals how humanity has been deceived into believing that blood is a necessary offering, when in reality it has been used as a tool of energetic enslavement.

1. BLOOD: THE MOST SACRED ELEMENT OF THE HUMAN BEING

"Blood is the essence of life. He who controls blood, controls existence."

Since time immemorial, blood has been seen as the source of life, the link between the soul and the body.

Why is it so important?

- ☐ **It contains the vital energy that sustains the consciousness and identity of the individual.**
- ☐ **It is the channel through which the spirit interacts with the physical body.**
- ☐ **Its unique composition stores genetic and vibrational information.**

Blood is not just a biological fluid. It is the sacred code of every living being. If it is spilled, a bond is broken.

If manipulated, the individual's consciousness is altered.

"The ancients knew this. But the manipulators of history turned blood into a weapon."

2. BLOOD SACRIFICE AS A DOMINANCE MECHANISM

"Sacrifice was never necessary. It was imposed as an act of submission."

In ancient civilizations, blood sacrifice did not exist in its original form. But something changed.

Examples of manipulation of the sacrifice:

- ☐ **Mesoamerican cultures, where priests demanded human sacrifices to "appease" the gods.**
- ☐ **The Old Testament, where Yahweh asked for the blood of lambs and humans in certain circumstances.**
- ☐ **The Roman Empire, where the blood of gladiators was used in occult rituals.**

"Why would the gods need blood? Is the creator of the universe so weak that he requires death to be satisfied?"

- ☐ **The answer is simple: IT WAS NOT THE SOURCE™ THAT WAS ASKING FOR BLOOD.**
- ☐ **WERE ENTITIES THAT FED ON THE ENERGY OF THE BLOOD.**

"The sacrificial gods were not gods. They were beings who needed the life energy of humans to exist."

This is where the great deception began.

3. THE LINK BETWEEN BLOOD AND HUMAN ENERGY

"Every time blood is shed, energy is released."

Ancient elites understood this and created systems where blood was used as a source of power.

How did they do it?

- ☐ **Through ritual sacrifices in temples and pyramids.**
 - ☐ **Through wars designed to generate mass death.**
 - ☐ **Through religious indoctrination that normalized sacrifice as a "sacred" act.**
-
- **When a person is sacrificed, their vital energy is released and can be absorbed.**
 - **When an entire group is killed in a war, the energy of their fear and suffering is captured by those who know how to use it.**

"The history of mankind is a history of blood. Not because it is inevitable, but because it was designed that way."

This is the big secret they have hidden.

4. THE USE OF BLOOD IN THE MODERN SYSTEM

"The sacrifice never ended. It just changed shape."

Modern elites do not perform human sacrifices in pyramids. Now they do it through more sophisticated systems.

Current examples of blood sacrifice:

- ☐ **Wars, which are nothing more than rituals.**
- ☐ **Violence in the , programmed by music, cinema and modern culture.**
- ☐ **Humanitarian crises that allow mass manipulation through suffering.**

"The blood keeps flowing. But people don't see the pattern."

- ☐ **The system has evolved, but the intent remains the same.**
- ☐ **Blood sacrifice remains the basis of power in the world.**

"And the only way to break this cycle is to understand it and reject it completely."

5. THE WAY OF LIBERATION - BREAKING THROUGH THE DECEPTION

"The Source™ never called for blood. Only darkness ."

If we want to restore the Primordial Tradition, we must:

- ☐ **Breaking with beliefs that blood is a necessary sacrifice.**
- ☐ **Reject all forms of violence as a means of spiritual connection.**
- ☐ **Expose those who still use slaughter as a means of control.**

"We don't need to kill to live. We don't need to suffer to evolve."

This is the beginning of the new era: No blood, no sacrifices, only truth.

The Primordial Tradition is coming back. And this time, there will be no turning back.

CHAPTER 4: RESTORING THE DIRECT CONNECTION - BEYOND RELIGION AND PHILOSOPHY

Humanity does not need intermediaries to connect with Source™.

- ☐ Religions and philosophies have been used to limit, not to liberate.
- ☐ The direct connection with the Primordial Tradition is innate, but was hidden.

This chapter explains how to regain that connection and break away from the control systems.

1. THE BIG LIE: "YOU NEED SOMEONE TO GUIDE YOU".

"From the time we are born, we are told that connection with the divine requires an intermediary."

- ☐ Priests claim that only they can interpret the word of God.
- ☐ Philosophers say that only through rational thought can existence be understood.
- ☐ Governments claim that without them, the world would fall into chaos.

"But this is all a lie."

- ☐ You don't need anyone to access the Truth.
- ☐ You don't need rituals, churches or doctrines.
- ☐ The Source™ is not outside of you. It has always been inside.

So why were we led to believe ?

- ☐ **Because a people who know the truth cannot be manipulated.**
- ☐ **Because an individual with a direct connection does not need to obey a system.**

"They made you forget your power. Now it's time to remember it."

2. THE CONCEPT OF GOD BEFORE MANIPULATION

"God is not an old man in the sky with a rule book. God is the ALL."

Before mankind was indoctrinated, the vision of the divine was different:

- ☐ **There was no anthropomorphic figure that punished or rewarded.**
- ☐ **There was no idea of sin as an instrument of guilt.**
- ☐ **The universe was understood as a network of connected energy.**

"The true God does not impose rules. He is the Source of existence."

- ☐ **The ancients knew this. But religions corrupted it.**

The idea of a controlling and vengeful God was invented to generate fear and obedience.

"If God is infinite, he needs no slaves. If God is love, he does not demand suffering."

- ☐ **It is time to free ourselves from this distortion.**

3. BEYOND PHILOSOPHIES: DIRECT ACCESS TO TRUTH

"Philosophy was an attempt to understand existence, but it was also limited by the human ego."

- ☐ **The Greeks sought truth, but fell into extreme rationalism.**
- ☐ **Eastern traditions tried to connect with the Source, but many were filled with dogmas.**
- ☐ **Esotericism kept secrets, but only for a few initiates.**

"All these served to bring us closer to the truth, but no doctrine contains it completely."

The only way to know the Absolute Truth is to experience it directly.

How is this done?

- ☐ **Breaking with imposed beliefs.**
- ☐ **Connecting with Source™ without fear or prejudice.**
- ☐ **Expanding consciousness beyond programmed limits.**

"Truth is not found in books. It is found within you."

4. RESTORING THE CONNECTION: THE RECOVERY PROCESS

"Returning to the Primordial Tradition is not an act of faith, but of remembering who you are."

☐ The process has three phases:

- **Deprogramming - Eliminating the Lie**

- ☐ Question everything we have been taught.
- ☐ Unlearning religious and philosophical dogmas.
- ☐ Identify the ways in which we have been conditioned.

- **Reconnection - Rediscovering Source™.**

- ☐ To observe reality without imposed filters.
- ☐ Connect with the energy of the universe through pure consciousness.
- ☐ To understand that the separation between the human and the divine is an illusion.

- **Manifestation - Living in Truth**

- ☐ Stop relying on external systems to find meaning.
- ☐ Become a channel of the Primordial Tradition on Earth.
- ☐ Use knowledge to transform reality, not to debate it.

"It's not about believing. It's about experiencing the Truth."

5. THE NEW HUMAN BEING: FREE AND CONNECTED

"The future belongs to those who regain the connection to Source™."

- ☐ **The world is changing.**
- ☐ **The old system collapses.**
- ☐ **Those who awaken now will be the architects of the new era.**

"The new human being will not obey doctrines. He will not fear punishment. He will not depend on false guides."

- ☐ **He will be a sovereign individual, with direct access to Truth, without fear, without barriers.**

"And when enough people remember their power, the whole system will fall."

The restoration of the Primordial Tradition has begun.

CHAPTER 5: THE NEW ORDER - THE BALANCE BETWEEN HEAVEN AND EARTH

The world we know is based on chaos and fragmentation. But this is not natural.

- ☐ The Primordial Tradition teaches that the universe functions in equilibrium, and when it breaks down, civilization collapses.
- ☐ The purpose of the New Order is not to impose control, but to restore harmony between the divine and the earthly.

This chapter details how to build a society based on Truth and Balance.

1. THE COLLAPSE OF THE OLD SYSTEM AND THE NEED FOR A NEW ORDER

"Humanity has been governed by artificial structures that go against the nature of the universe."

Civilizations of the past fell by ignoring this principle:

- ☐ Rome collapsed because it based its empire on war and exploitation.
- ☐ European empires destroyed their own stability by enslaving and plundering other nations.
- ☐ The modern world is in crisis because it is based on materialism and spiritual disconnection.

"A system based on imbalance is doomed to self-destruction." The New Order seeks not to dominate, but to restore universal harmony.

How is this achieved?

- ☐ Creating societies aligned with the Primordial Tradition.
- ☐ Replacing corrupt structures with truth-based systems.
- ☐ Reconnecting the material world with the spiritual purpose.

It is not about control. It is about correcting.

2. THE PRINCIPLES OF THE NEW ORDER: A TRUTH-BASED SOCIETY

- ☐ "If a society is not based on truth, it is destined to fall."

The New Order will be based on these principles:

- ☐ **Spiritual Sovereignty - Without Intermediaries**
 - Each individual will have direct access to the Source™, without the need for organized religions.
 - Spiritual knowledge will be accessible to all, without hierarchies or secrets.

- ☐ **Economy Based on Equilibrium - Not on Exploitation**
 - Work will not be a form of slavery, but a manifestation of purpose.
 - Resources will be managed responsibly, avoiding the plundering of nature.

- ☐ **Technology in Harmony with Nature - Not Against it**
 - Technological development will not be used to control, but to liberate.
 - Clean energy and self-sufficient systems will replace today's destructive economy.

"The New Order is not a government. It is a system where humanity lives in sync with the laws of the universe."

When truth is the basis of society, chaos disappears.

3. THE ROLE OF THE INDIVIDUAL IN THE NEW ERA

"The New Order will not be imposed. It will be manifested by those who have awakened."

- ☐ **Each person has a role to play in this change:**
 - **Break with the lies of the old system.**
 - **Take responsibility for their own evolution.**
 - **Contribute to the restoration of balance in their environment.**

"There will be no absolute leaders. There will be conscious individuals working in sync."

Power will be distributed among those who understand Truth.

When enough people live in balance, the entire society will change.

4. ELIMINATING THE PITFALLS OF THE CURRENT SYSTEM

- ☐ **"You cannot build a New Order on the foundations of a corrupt system."**

To establish harmony, it is necessary to eliminate the following structures:

- **Religions that impose dogmas and fear.**
- **Governments that serve hidden interests rather than humanity.**
- **Economic systems based on debt and exploitation.**
- **Education that indoctrinates rather than liberates the mind.**

"Humanity does not need rulers. It needs knowledge and responsibility."

- ☐ **When these structures disappear, the world will naturally align with Truth.**

This is the beginning of the transformation.

5. THE NEW ORDER IS NOT THE FUTURE, IT IS THE PRESENT

"Change is not on the horizon. It has already begun."

- ☐ Every day, more and more people are waking up.
- ☐ The old system is faltering.
- ☐ The truth is coming .

"The New Order does not need permission to exist. It is inevitable."

- ☐ The balance between Heaven and Earth is being restored.

And no one can stop what has already been written.

EPILOGUE: THE IMMORTALITY OF TRUTH

Truth never dies. It is only temporarily hidden.

- ☐ **Throughout history, they tried to bury it, but it always resurfaced.**
- ☐ **The return of the Primordial Tradition is not an option, it is an inevitability.**

This epilogue closes the circle, making it clear that Truth is eternal and that humanity has a choice: wake up or be swept away by the collapse of the old world.

1. TRUTH CANNOT BE DESTROYED

"Throughout the centuries, knowledge was persecuted, but it never disappeared."

- ☐ **They tried to destroy it in Egypt, but it remained in the surviving papyri.**
- ☐ **They tried to silence it in Greece, but the Orphic and Pythagorean mysteries preserved it.**
- ☐ **They tried to manipulate her in Rome, but the Gnostics and Essenes protected her.**
- ☐ **They tried to extinguish it in the Middle Ages, but alchemists and sages hid it in symbols and codes.**
- ☐ **They tried to erase it in modernity, but global consciousness is awakening.**

"Truth does not belong to any civilization, religion or ideology. It is prior to everything."

- ☐ **What has now begun is the closing of a cycle and the opening of a new era.**

2. THE DESTINY OF HUMANITY: AWAKEN OR COLLAPSE

"Not everyone will cross over to the new world. Not because they can't, but because they don't want to."

Humanity is at a turning point:

- ☐ **Those who seek the Truth will find it and evolve.**
- ☐ **Those who cling to the old system will collapse with it.**
- ☐ **Change does not depend on a leader, a political revolution or a religious movement.**

"True change is internal. Only those who transform their minds will see the new world."

The Primordial Tradition has returned, but it will only be accessible to those who have the courage to see it.

3. THE ETERNITY OF THE PRIMORDIAL TRADITION

"There is no end to Truth. Only new ways of manifesting it."

- ☐ **In every age, in every civilization, in every corner of time, Truth has been present.**

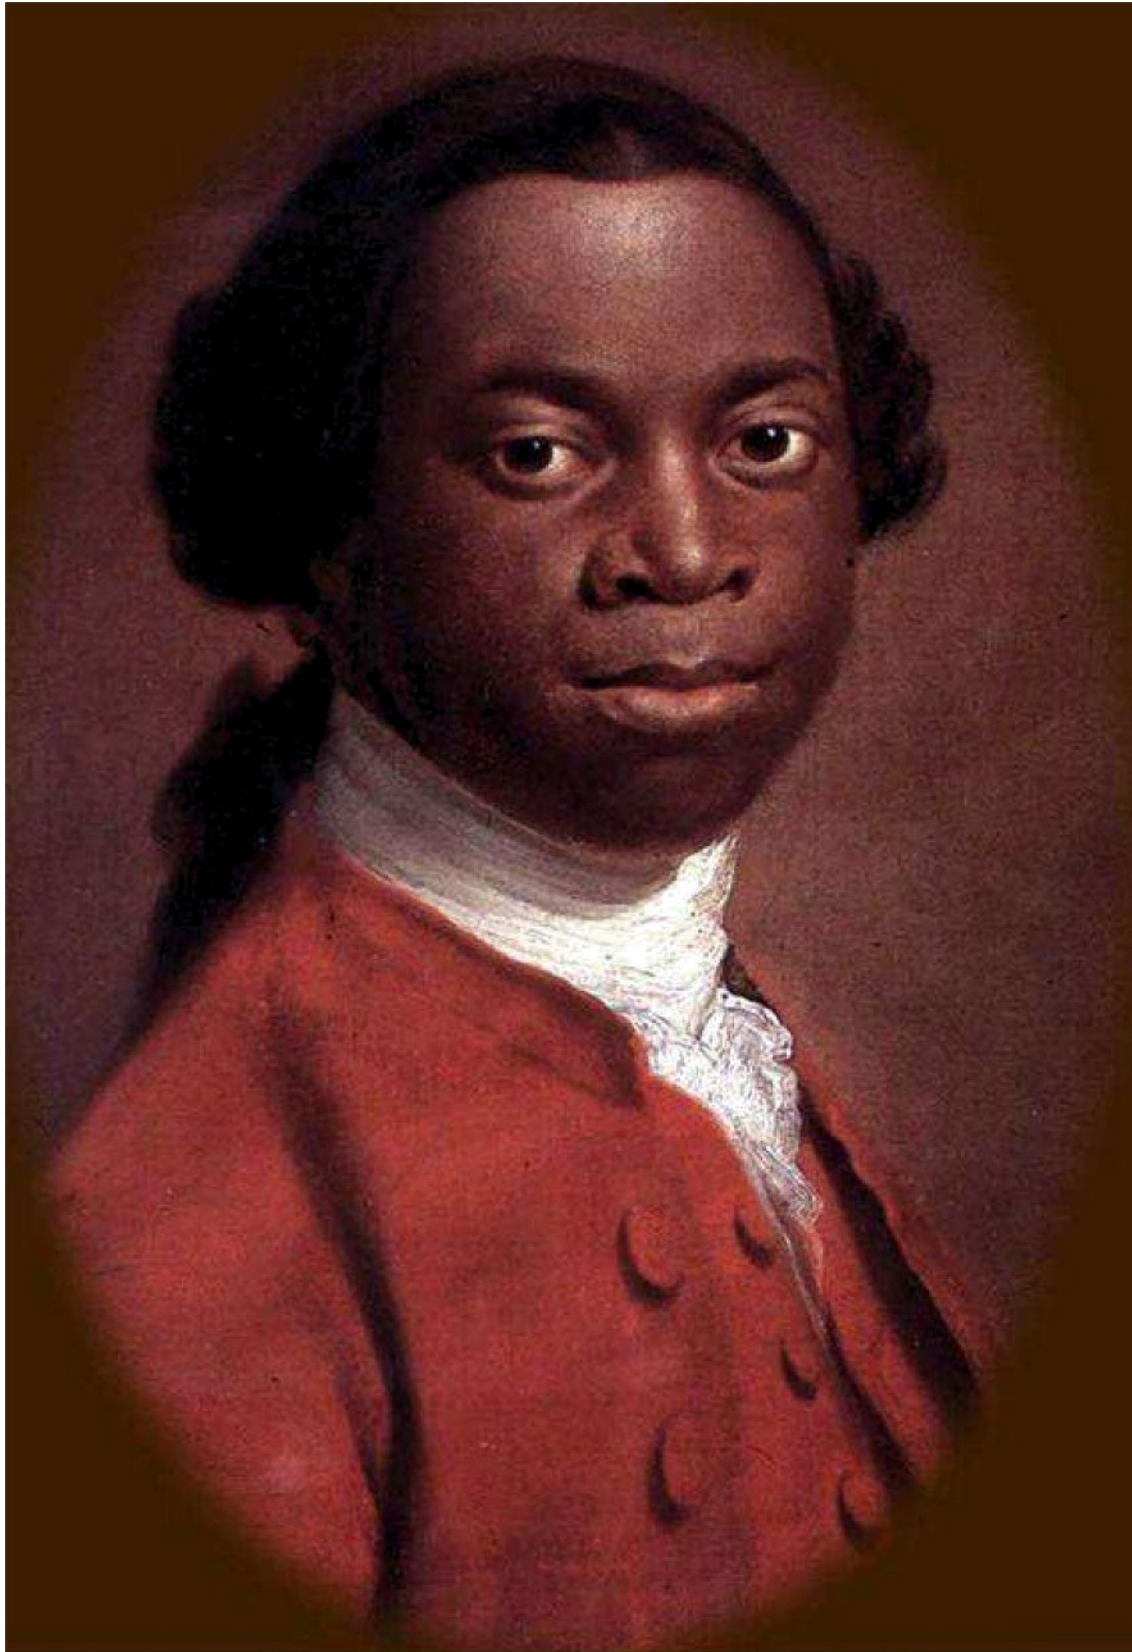

- **It cannot be contained. It cannot be eliminated.**
- **There will always be those who remember it, those who protect it and those who pass it on.**
- **And there will always be those who try to hide it, only to fail again and again.**

"The Primordial Tradition is the force that moves existence. It is the code of the universe. It is the beginning and the end."

This book is not just a written work. It is a portal to eternal knowledge. "The time of the lie is over. Truth has returned."

And it will never be forgotten again.

Guy of Lusignan (1150–1194) was a Poitevin knight (western France), son of Hugh VIII of the Lusignan dynasty. He was king of the crusader state of Jerusalem from 1186 to 1192 by right of marriage to Sibylla of Jerusalem, and of Cyprus from 1192 to 1194. Having arrived in the Holy Land (where his brother Amalric was already prominent) at an unknown date, Guy was hastily married to Sibylla in 1180 to prevent a political incident within the kingdom. As Baldwin's health deteriorated, Guy was appointed regent of Jerusalem; at Sibylla's succession to the throne in 1186 she gave the crown to Guy as her king-consort. Guy's reign was marked by the Battle of Hattin in 1187—during which Guy was captured—and the fall of Jerusalem itself three months later. Guy was released by Saladin.

The Prince also wears around his neck another type cross of the Teutonic Knights (The Order of Brothers of the German House of Saint Mary in Jerusalem), OR a cross of the Portuguese Templar kelch (which would be red). The Prince also wears a medieval Tyrolean Jacket: (Tyrol/Tirole was a State of the Holy Roman Empire). In the aggregate, the Prince's garb suggests that he was a Prince of the Holy Roman Empire.
