

Mini Couples Missions

5 tiny dares. Big laughs. Zero boring date nights. Warning: will spice things up.

Congratulations, you've unlocked the relationship upgrade nobody asked for (but everyone needs).

The 5 Missions:

- 1. Mirror Dare** - Stand in front of a mirror and invent a ridiculous "future headline" about your relationship ("Couple Breaks World Record for Kissing in IKEA.").
- 2. The 10-Second Serenade** - Perform the most over-the-top 10 seconds of any song to your partner... even if it's a jingle.
- 3. Backwards Compliment** - Give each other compliments that sound like insults but aren't ("You're disturbingly good at remembering every detail I forget.").
- 4. Secret Snack Swap** - Hide a favorite snack for the other person to "discover" within 24 hours.
- 5. One-Word Story** - Build a love story together one word at a time until it collapses in laughter.
