

Mini Plot Pact

Because ordinary friendship is overrated. Caution: may cause questionable decisions in under 24 hours.

“Ordinary besties swap playlists. You two? You’re about to swap dignity. Every great story starts with a bad idea. Here are five.”

The 5 Dares:

- 1. Public Code Word** - Choose a silly word to yell once today in public (“Bananapocalypse!”).
- 2. Plot Twist Outfit** - Swap one accessory with your bestie for the day (bonus if it looks ridiculous).
- 3. Emoji Only** - Send each other a text made entirely of emojis - no words allowed.
- 4. Truth or Snack** - Ask one bold truth. If they dodge, they owe you a snack.
- 5. Screenshot Dare** - Share the funniest/cursed meme lurking in your camera roll.
