LET'S WORK TOGETHER TO #BRINGBARLEYHOME!

♥ Thank you for considering a gift to help bring Barley—a gluten-detection service dog—home to Anna Christine Boulter.

With your support, Barley will be trained to help Anna navigate the world safely, giving her back the freedom most take for granted.

Let's show the world the power of
words and kindness!

Dear [Friend's Name],

I'm reaching out to share something that means a lot to me and to ask for your help in supporting someone I love.

My dear friend, Anna Christine Boulier, lives with celiac disease. For her, even a single crumb of gluten can cause days of pain and illness. She never knows when or how she might get exposed. It's isolating, exhausting, and honestly, heartbreaking to watch.

But there's hope—and her name is Barley. She's a beautiful white Labrador in training to become Anna's gluten-detection service dog. With Barley by her side, Anna will finally have the freedom to do everyday things again—grab coffee with a friend, attend church, even just step outside without fear.

The cost of Barley's training is \$50,000. It's a big number, but I believe we can help make it happen together. Every single donation makes a real difference.

If you'd like to be part of Barley's story, I've included information on ways you can contribute. Whether you give \$5 or \$500, it truly makes a difference.

Thank you for reading and for helping to change Anna's life. Your kindness means more than you know.

With heartfelt thanks,
[Your Name]

Hello!

I'm Anna Christine—

I live with Celiac disease, and even a crumb of
gluten can leave me sick for days. Barley, a
specially trained gluten-detection service dog,
will help me stay safe at church, with friends,
even just out in the world.

Your support helps bring Barley home and
shines a light on hidden disabilities like mine.

♥ Thank you for being part of this mission of
hope, healing, and gluten-sniffing dog kisses.
