*NutraLITE's patented Cistanche-Ginkgo formulation (US9737582B2) complies with Chinese Pharmacopoeia (2020) standards for Cistanche tubulosa, combining TCM principles (including herb synergy) with clinically validated safety and efficacy ([Front. Nutr. 2021](#)), while preserving traditional phytochemical ratios—unlike certain high-potency extracts (e.g., 50% echinacoside).
