Temperatur Range	- 20°C to + 60°C
Application Oil	Up to ISO VG 320 ( 320 cSt )
Application Grease	Up to NLGI 2
Working Pressure	12 bar (175 psi )
Repeated filling time	Up to 10 times
Power Supply	4.5V lithium battery pack / 24V external power supply
Lubrication Cycle	15 days, 1, 3, 6, 9, 12 months
Protection Grade	IP 65
Longest Lubrication	3 Meter ( 300 cm )
Interface Thread	R 1/2

Kecepatan injeksi oli dan gemuk tidak terpengaruh oleh suhu. Tekanan pelumasan maksimum 12 bar selama seluruh periode pengeluaran dengan kemungkinan pengaturan berbagai siklus pelumasan.

Tangki oli transparan, Anda dapat memeriksa sisa kapasitas secara real-time dengan LED merah-kuning-biru. Indikator menunjukkan status pelumas. Catu daya eksternal dapat dihubungkan dengan daya start-stop peralatan. Cocok untuk pemasangan langsung dan jarak jauh.
