## **About Us**

At Portare Global Pvt. Ltd., we are committed to delivering nature's best to the world. Based in India, we specialize in exporting premium-quality organic agricultural inputs, including poultry manure pellets, cow dung manure, compost blends, and other eco-friendly soil enhancers.

Our operations are driven by a deep belief in sustainable farming practices, empowering farmers globally to improve soil health, enhance crop yields, and contribute to a greener planet. With strong supplier networks, strict quality checks, and custom packaging solutions, we ensure our products meet international export standards while maintaining the purity and richness of nature.

From Indian farms to global fields, Portare Global is your trusted partner for organic growth.

## **Mission**

To empower global agriculture by supplying high-quality, eco-friendly, and sustainable organic products that improve soil fertility, increase productivity, and protect the environment — while building long-term partnerships with our clients worldwide.

## **Vision**

To be recognized as a leading global exporter of organic agricultural solutions, known for quality, reliability, and innovation — bridging the gap between Indian farmers and international markets for a healthier, greener future.

# Product Portfolio Overview

We supply a variety of organic agricultural inputs in compliance with international quality standards.

- Organic Fertilizers -----

- Poultry manure pellets

- Cow dung manure

- Vermicompost

- Organic compost mix

- Neem cake

- Fresh Fruits

- Mango

- Banana

- Coconut

- Pomogranets

- Vegetables

- Green chili and pepper

- Patatos

- Onion

- Spices

- Raw turmeric / turmeric powder

- Red chilli powder / Whole red chilli dried

- Cumin seeds

- Coriander

- Black pepper

- Dry Ginger

- Dreid whole spice mix

- Textiles

- Silk Carpets

- Woollen carpets

- Bath mates

- Blanket / comforter

- Rugs

- Bedsheets and pillows cover

# **ORGANIC FERTILIZERS**

# Poultry Manure Pellets – Organic Fertilizer

**HS Code: 3101.00**

Description: Premium pelletized poultry manure made from 100% natural chicken droppings, processed to remove pathogens and reduce odor. Rich in nitrogen, phosphorus, and potassium, ideal for improving soil fertility and crop yields.

## Parameter Specification

Moisture Content	≤ 20%
Nitrogen (N)	3-4%
Phosphorus (P <sub>2</sub> O <sub>5</sub> )	2-3%
Potassium (K <sub>2</sub> O)	2-3%
pH	6.5-7.5
Form	Pellets
Odor	Mild, natural
Packaging	50 kg HDPE bags / custom sizes
Usage	Field crops, horticulture, vegetables, plantations

# Cow Dung Manure – Organic Fertilizer

**HS Code: 3101.00**

Description: Naturally composted cow dung, sun-dried and sieved for uniformity. A traditional and highly effective soil conditioner, providing balanced nutrients and improving soil structure.

## Parameter Specification

Moisture Content	≤ 15%
Nitrogen (N)	0.5–1%
Phosphorus (P <sub>2</sub> O <sub>5</sub> )	0.5%
Potassium (K <sub>2</sub> O)	0.5%
pH	6.5–7.5
Form	Powder / Granules
Odor	Mild, earthy
Packaging	50 kg HDPE bags / custom sizes
Usage	All crops, soil health improvement, organic farming

# Vermicompost – Organic Fertilizer

**HS Code: 3101.00**

Description: High-quality compost produced through earthworm digestion of organic matter. Rich in plant growth hormones, enzymes, and beneficial microbes for rapid plant growth.

## Parameter Specification

Moisture Content	≤ 20%
Nitrogen (N)	1-1.5%
Phosphorus (P <sub>2</sub> O <sub>5</sub> )	0.5-1%
Potassium (K <sub>2</sub> O)	0.5-1%
pH	6.5-7.5
Form	Fine granules
Odor	Mild, earthy
Packaging	50 kg HDPE bags / custom sizes
Usage	Nurseries, horticulture, vegetable crops, landscaping

# Organic Compost Mix

**HS Code: 3101.00**

Description: A balanced blend of natural compost materials, enriched with organic nutrients. Improves soil aeration, moisture retention, and microbial activity.

## Parameter Specification

Moisture Content	≤ 25%
Nitrogen (N)	1-1.5%
Phosphorus (P <sub>2</sub> O <sub>5</sub> )	0.5-1%
Potassium (K <sub>2</sub> O)	0.5-1%
pH	6.5-7.5
Form	Loose / Powder
Odor	Natural, earthy
Packaging	50 kg HDPE bags / custom sizes
Usage	All crops, landscaping, organic farming projects

# Neem Cake Fertilizer

**HS Code: 3101.00**

Description: Neem seed residue left after oil extraction, used as an effective organic fertilizer and pest repellent. Rich in nitrogen and beneficial compounds like azadirachtin for plant protection.

## Parameter Specification

Moisture Content	≤ 12%
Nitrogen (N)	4–5%
Phosphorus (P <sub>2</sub> O <sub>5</sub> )	1%
Potassium (K <sub>2</sub> O)	1.5%
Azadirachtin	300–1000 ppm
pH	6.5–7.5
Form	Powder / Granules
Odor	Mild neem smell
Packaging	50 kg HDPE bags / custom sizes

# FRESH FRUITS

# Fresh Indian Mango

HS Code: 08045020

Description: Handpicked Indian mangoes, naturally ripened and carefully graded for export. Known for rich aroma, smooth texture, and premium sweetness. Cultivated using sustainable practices ensuring natural taste and freshness in every fruit.

## Parameter Specification

Varieties	Alphonso , Kesar , Banganapalli , Dasheri
Color	Golden Yellow to Reddish Yellow
Size / Weight	250-350 g per fruit
Taste / Texture	Sweet , fiberless , aromatic , and juicy
Packaging	3.5 kg / 5 kg ventilated corrugated boxes
Shelf Life	15-20 days under cold storage
Storage Temperature	12-15°C
Moisture Content	82-85%
Brix Level (Sweetness)	16-20° Brix

# Fresh Cavendish Banana

HS Code: 08039010

Description: High-quality Indian Cavendish bananas harvested at optimal maturity, naturally ripened and sorted for global export. Each bunch is carefully selected for consistency, firmness, and extended shelf life during transit.

## Parameter Specification

Varieties	Cavendish G-9
Color	Green for export / Yellow for retail
Size / Length	18-25 cm
Taste / Texture	Sweet , soft pulp with firm skin
Packaging	13 kg / 18 kg carton boxes
Shelf Life	20-25 days
Storage Temperature	13-14°C
Moisture Content	74-78%
Brix Level (Sweetness)	20-22° Brix

# Fresh Semi-Husked Coconut

**HS Code: 08011910**

Description: Naturally matured coconuts sourced from Indian coastal farms, semi-husked and handpicked for premium export quality. Renowned for long shelf life, high water content, and rich white kernel ideal for consumption or processing.

## Parameter Specification

Varieties	Matured Brown, Semi-Husked
Color	Light to Dark Brown
Size / Weight	550-650 g each
Taste / Texture	Sweet coconut water, firm white kernel
Packaging	25 pcs / 30 pcs per net bag
Shelf Life	30-45 days
Storage Temperature	Ambient (cool & dry)
Water Content	250-300 ml per nut
Oil Content (Kernel)	60-62%

# Fresh Indian Pomegranate

HS Code: 08109010

Description: Premium-grade Indian pomegranates with glossy red skin and high-juice arils, grown using sustainable and organic farming methods. Each fruit is handpicked, cleaned, and packed for freshness, quality, and global appeal.

## Parameter Specification

Varieties	Bhagwa, Ganesh
Color	Bright Red
Size / Weight	200-400 g per fruit
Taste / Texture	Sweet-tart flavor, crisp and juicy arils
Packaging	3.5 kg / 5 kg ventilated carton boxes
Shelf Life	30-35 days
Storage Temperature	5-7°C
Brix Level (Sweetness)	14-17° Brix
Moisture Content (Arils)	75-80%

# FRESH VEGETABLES

# Fresh Red Onion

**HS Code: 07031010**

Description:  
Handpicked Indian onions, famous for strong flavor, uniform size, and long shelf life. Grown in fertile soils of Nasik and Gujarat, ideal for global export markets. Each bulb is sorted and packed for maximum freshness.

## Parameter Specification

Varieties	Nasik Red , Agrifound Red , Bhima Super
Color	Deep Red / Purple Skin
Size / Diameter	45 mm and above
Taste / Texture	Sharp flavor , firm and dry skin
Packaging	10 kg / 20 kg mesh or jute bags
Shelf Life	30-45 days under cold storage
Storage Temperature	2-5°C
Moisture Content	86-89%
Pungency (Pyruvic Acid)	10-12 µmol/g

# Fresh Green Chili

HS Code: 07096010

Description:  
Premium-quality Indian green chilies, handpicked from certified farms, known for vibrant color, natural spiciness, and aroma. Carefully sorted and packed to ensure freshness and firmness for export markets.

## Parameter Specification

Varieties	G4, Byadgi, Bullet, Jwala
Color	Natural Dark Green
Length	6-9 cm
Taste / Texture	Pungent, crisp, and aromatic
Packaging	3 kg / 5 kg / 10 kg ventilated boxes
Shelf Life	10-14 days (air shipment)
Storage Temperature	7-10°C
Moisture Content	85-90%
Pungency (Scoville Units)	30,000-50,000 SHU

# Fresh Indian Potato

HS Code: 07019000

Description:  
Premium-grade Indian potatoes cultivated in fertile regions, cleaned, graded, and packed for global export. Known for high dry matter content, smooth skin, and long storage life.

## Parameter Specification

Varieties	Jyoti , Chipsona , Kufri Bahar , Pukhraj
Color	Light Brown / Golden Yellow
Size / Weight	45-75 mm diameter
Taste / Texture	Firm , smooth , starchy, and non-watery
Packaging	25 kg / 50 kg mesh or jute bags
Shelf Life	30-60 days under cool storage
Storage Temperature	5-8°C
Dry Matter Content	20-22%
Sprouting Tolerance	Nil under standard conditions

# Fresh Okra (Lady Finger)

HS Code: 07099010

Description:  
Farm-fresh Indian okra, handpicked for export, known for its tenderness, natural green color, and smooth texture. Cultivated under controlled conditions ensuring freshness and food safety compliance.

## Parameter Specification

Varieties	Parbhani Kranti , Arka Anamika , Pusa Sawani
Color	Bright Green
Length	7-10 cm
Taste / Texture	Mild flavor , tender and firm pods
Packaging	4 kg / 5 kg / 10 kg ventilated cartons
Shelf Life	8-10 days (air shipment)
Storage Temperature	7-9°C
Moisture Content	85-88%
Fiber Content	2-3%

# SPICES

# RAW TURMERIC (WHOLE FINGERS)

HS Code: 09103010

Description:  
Naturally grown Indian turmeric fingers with rich curcumin content and deep yellow color. Sun-dried, cleaned, and graded for spice and pharmaceutical applications. Known for aroma, purity, and vibrant hue.

## Parameter Specification

Varieties	Salem, Erode, Rajapuri
Color	Bright Yellow / Orange
Form	Whole Dried Fingers
Curcumin Content	3-5%
Packaging	25 kg / 50 kg PP or jute bags
Shelf Life	12-18 months
Moisture Content	<10%
Foreign Matter	<1%
Storage Temperature	Ambient (cool & dry)

# TURMERIC POWDER

HS Code: 09103020

Description:  
Finely milled turmeric powder made from high-curcumin fingers. Rich color, earthy aroma, and 100% pure without artificial coloring. Hygienically processed and packed for export.

## Parameter Specification

Color	Deep Golden Yellow
Form	Fine Powder
Curcumin Content	3-5%
Mesh Size	60-80
Packaging	25 kg / 50 kg laminated bags
Shelf Life	12-15 months
Moisture Content	<10%
Ash Content	<7%
Storage Temperature	Cool and dry conditions

# RED CHILLI POWDER

HS Code: 09042211

Description:  
Vibrant red chilli powder made from sun-dried whole red chillies. Known for rich color, sharp flavor, and consistent pungency. Ideal for culinary and industrial use.

## Parameter Specification

Color	Bright Red
Pungency (SHU)	20,000-50,000 SHU
Form	Fine Powder
Moisture Content	<10%
Packaging	25 kg / 50 kg PP or laminated bags
Shelf Life	12-15 months
Ash Content	<8%
Oil Content	10-12%
Storage Temperature	Below 20°C

# WHOLE DRIED RED CHILLI

HS Code: 09042120

Description:  
Sun-dried Indian red chillies sourced from Andhra Pradesh and Guntur regions. Naturally vibrant and pungent with minimal moisture and superior shelf life.

## Parameter Specification

Varieties	Teja, Byadgi, 273, Sannam
Color	Deep Red / Crimson
Length	8-12 cm
Pungency (SHU)	30,000-70,000 SHU
Packaging	25 kg / 50 kg PP or gunny bags
Shelf Life	12-18 months
Moisture Content	<10%
Foreign Matter	<1%
Storage Temperature	Ambient, dry & ventilated

# CUMIN SEEDS

HS Code: 09093129

Description:  
High-quality Indian cumin seeds with strong aroma, earthy flavor, and high essential oil content. Cleaned and machine-sorted for export purity.

## Parameter Specification

Varieties	Singapore , Europe Grade
Color	Brownish-Grey
Size / Length	3-5 mm
Aroma / Flavor	Pungent and warm
Packaging	25 kg / 50 kg PP or jute bags
Shelf Life	12-18 months
Moisture Content	<10%
Volatile Oil Content	2-2.5%
Storage Temperature	Cool and dry conditions

# CORIANDER SEEDS

HS Code: 09092010

Description:  
Aromatic coriander seeds with light brown color and sweet-spicy flavor. Cleaned, dried, and graded for consistent quality and high essential oil content.

## Parameter Specification

Color	Light Brown / Yellowish Green
Size / Diameter	3-4 mm
Aroma / Flavor	Sweet, citrusy, and warm
Packaging	25 kg / 50 kg PP or jute bags
Shelf Life	12-18 months
Moisture Content	<10%
Volatile Oil Content	0.3-0.5%
Storage Temperature	Cool, dry, well-ventilated
Dust	Nil

# BLACK PEPPER

HS Code: 09041130

Description:  
Bold, high-oil-content Indian black pepper from Kerala and Karnataka, sun-dried and sorted to ensure uniform bead size, intense aroma, and premium export quality.

## Parameter Specification

Varieties	Malabar , Tellicherry, Panniyur
Color	Deep Black
Bead Size	4.5–5.5 mm
Piperine Content	4–5%
Packaging	25 kg / 50 kg PP or jute bags
Shelf Life	12–18 months
Moisture Content	<12%
Foreign Matter	<0.5%
Storage Temperature	Cool & dry area

# DRIED WHOLE GINGER

HS Code: 09101200

Description:  
Premium-quality Indian dry ginger, naturally dehydrated, retaining strong aroma and high volatile oil content. Ideal for spice, tea, and medicinal use.

## Parameter Specification

Varieties	Cochin, Calicut, Naga
Color	Pale Yellow / Light Brown
Form	Whole or split fingers
Moisture Content	<10%
Fiber Content	<4%
Packaging	25 kg / 50 kg PP bags
Shelf Life	12-18 months
Oil Content	1.5-2%
Storage Temperature	Cool, dry place

# DRIED WHOLE SPICE MIX

HS Code: 09109100

Description:  
A carefully curated blend of whole Indian spices like cumin, coriander, black pepper, cardamom, cloves, and cinnamon. Packed for culinary, industrial, and retail use.

## Parameter Specification

Composition	Mixed Whole Spices (customizable)
Color	Natural mixed tones
Flavor / Aroma	Rich, aromatic, spicy blend
Packaging	10 kg / 25 kg / 50 kg laminated bags
Shelf Life	12-15 months
Moisture Content	<10%
Purity	99% clean blend
Storage Temperature	Cool & dry
Oil Retention	High oil retention

# TEXTILES

# HANDMADE SILK CARPET

HS Code: 57011010

Description:  
Premium handcrafted silk carpets made in India using pure mulberry silk. Renowned for intricate designs, smooth texture, and luxurious shine. Ideal for high-end interiors and export markets.

## Parameter Specification

Material	100% Pure Silk (warp & weft)
Designs	Traditional Kashmiri, Persian, and Custom
Pile Height	5–8 mm
Color Options	Multicolor / Custom Dye
Size Range	3x5 ft to 10x14 ft
Weight	2.5–5 kg (per piece, avg.)
Packaging	Rolled in protective sheets or cartons
Shelf Life	10+ years (with care)
Maintenance	Dry clean only

# WOOLLEN HANDWOVEN CARPET

HS Code: 57011020

Description:  
Premium Indian wool carpets made from 100% New Zealand or blended wool. Known for warmth, durability, and vibrant woven patterns — perfect for both residential and commercial use.

## Parameter Specification

Material	100% Wool / Wool-Viscose Blend
Designs	Handwoven / Tufted / Persian Style
Pile Height	8-12 mm
Color Options	Natural / Dyed
Size Range	4x6 ft to 12x15 ft
Weight	3-8 kg per piece
Packaging	Rolled with moisture barrier film
Shelf Life	10+ years
Maintenance	Vacuum & dry clean

# COTTON / MICROFIBER BATH MAT

HS Code: 57050010

Description:

Soft, absorbent, and quick-drying bath mats made from cotton or microfiber. Designed for comfort, safety, and export-standard durability. Ideal for hotels, homes, and spas.

## Parameter Specification

Material	100% Cotton / Microfiber
Size Range	40x60 cm / 50x80 cm / 60x90 cm
Color Options	Solid, Printed, Embossed
GSM (Thickness)	900-1200 GSM
Backing Type	Anti-slip latex / Rubber
Packaging	Poly bag / Bulk carton
Shelf Life	3-5 years
Water Absorption Rate	350-400%
Washability	Machine washable

# BLANKET / COMFORTER

HS Code: 63014090

Description:  
Premium-quality blankets and comforters designed for warmth and luxury. Made from soft microfiber, cotton, or wool blend with anti-pilling finish and OEKO-TEX certified fabrics.

## Parameter Specification

Material	Cotton / Microfiber / Wool / Blends
Filling	Hollow fiber / Polyester
Size Range	Single, Double, Queen, King
GSM (Weight)	250-600 GSM
Color / Design	Printed / Solid / Quilted
Packaging	Vacuum-sealed / Zipper bag
Shelf Life	5-7 years
Washability	Machine or dry clean
Thermal Rating	TOG 8-12

# RUGS

HS Code: 57024210

Description:  
Handmade and machine-woven rugs crafted from cotton, wool, or jute. Designed for elegance, durability, and global décor appeal with customizable size and color options.

## Parameter Specification

Material	Wool / Cotton / Jute / Blends
Type	Handloom / Tufted / Printed
Pile Height	6-10 mm
Size Range	Custom (2x3 ft to 12x15 ft)
Color Options	Multicolor / Neutral
Packaging	Rolled / Folded in cartons
Shelf Life	7-10 years
Weight	2-7 kg (avg.)
Backing	Latex / Cotton

# BEDSHEETS & PILLOW COVERS

HS Code: 63023190

Description:  
Elegant and durable bed linen sets made from soft, breathable fabrics such as cotton, satin, and microfiber. Designed with export-grade stitching and long-lasting colors.

## Parameter Specification

Material	100% Cotton / Satin / Microfiber
Thread Count (TC)	200-1000 TC
Size Range	Single / Double / Queen / King
Color / Design	Solid / Printed / Embroidered
GSM (Weight)	110-180 GSM
Packaging	PVC zipper bag / Export carton
Shelf Life	5-7 years
Shrinkage	<3% after wash
Washability	Machine washable

# Certificates & Compliance

- At Portare Global Pvt. Ltd., quality, safety, and ethical sourcing are at the heart of everything we do.
- We strictly follow national and international quality standards to ensure our organic products meet the requirements of global buyers.

## Currently Held

Certification / Registration	Issued By	Scope
Company Incorporation Certificate	Ministry of Corporate Affairs, India	Legal registration as Pvt Ltd company
PAN & TAN Registration	Income Tax Department, India	Tax identification & compliance
GST Registration	Government of India	Tax compliance for domestic & export sales
Import Export Code (IEC)	DGFT (Directorate General of Foreign Trade)	Authorization to export globally

## **Quality & Sustainability Practices**

- Sourcing from verified farms and certified organic producers.
- Using eco-friendly, recyclable packaging materials.
- Maintaining strict moisture, nutrient, and safety parameters for all organic fertilizers.
- Compliance with destination country import norms.

## **Note to Buyers:**

All relevant certificates will be shared upon request along with test reports, material safety data sheets (MSDS), and packing lists for each shipment.
