Core Technical Services

- **Damage Surveys:** Assessment of hull and machinery damage for insurers.
 - **Condition & Valuation Surveys:** Determine vessel condition and market value.
 - **Pre-Purchase Inspections:** Evaluate vessel seaworthiness and defects before sale.
 - **Loss Assessment:** Investigate damage causes and quantify losses.
 - **Warranty Surveys:** Ensure compliance with project loadout or heavy-lift warranties.
 - **Towage Approval Surveys:** Certify vessels for towage operations.
 - **Offshore/Onshore Installations:** Inspection of marine-related facilities.
 - **Funeral Voyage Warranty:** Certify transport of human remains.
 - **Surveys for P&I Clubs:** Conduct surveys on behalf of Protection & Indemnity insurers.
-

Compliance, Records & Equipment Verification

- **Risk Evaluation & Management:** Identify operational risks and develop mitigation plans.
- **Maintaining Records:** Photo/video documentation of all surveys.

- **Ensuring Compliance:** Check adherence to statutory marine safety and classification norms.
 - **Equipment Testing:** Functionality assessment of critical onboard systems.
