

Fort Harrod Back Country Horsemen

We love horses and exploring Kentucky's scenic meadows and woodlands by horseback. We also enjoy working with friends to ensure trails are available and usable now and in the future.

Fort Harrod Back Country Horsemen is a 501c3 charitable nonprofit organization. We are one of four chapters making up the Kentucky Back Country Horsemen of the Back Country Horsemen of America (BCHA). BCHA is the most active voice in the country working with State and national land managing agencies (such as BLM, forest service, national and state parks) to keep land and trails open and accessible to horses.

Our members are from various counties and participate in the following:

- Work with local trail owners and operators to maintain access to Central Kentucky trails
- Organize trail crews to maintain existing trails and open new trails for non-motorized use
- Promote "no trace" trail riding and responsible trail stewardship
- Support educational opportunities and local organizations
- Enjoy social and recreational time with fellow horse lovers

To join Fort Harrod Back Country Horsemen, fill out the application form and mail to the address below.

Name _____

Address _____

City _____

State _____ Zip _____

Phone _____

Email _____

____ Individual (\$25)
