

Angel of Purity Disappearing / Appearing

To be an Essene man / Essene woman and serve the great cause of God, the supreme being in you and in all, master yourself as an instrument dedicated to a cause.

Learn to play your instrument and to show yourself before others so as to make worlds appear.

Lead your instrument and your being into perfection until you are able to manifest before others all the scales of the Spirit and of magic.

Learn the art of magic and magnetism through your bearing, your attitude, your gestures, your appearance, your speech, your charm...

Through this science, raise vibrations, ennoble, lead the forces at work toward perfection.

Use your person without shame or complexes in order to transmit God in purity and simplicity, but be vigilant not to attract the devil and vanity, which usurp and divert the forces at work to direct them toward the person alone, veiling the divine.

The person is an empty envelope if God, the eternal and solar self, does not animate it.

At the same time as you show yourself, learn the art of being invisible, of being vast like the cosmic ocean.

Know how to pass unnoticed, remain anonymous, be invisible in order to act in secret, but let this art of invisibility not be motivated by timidity, which engenders a lack of mastery of your instrument, an under-estimation, a self-destruction.

The dignity of God in you must remain in your heart.
