

The magical work with Gabriel's necklace for the first 12 days of the year

The following text comes from the book, *The Archangel Gabriel Biography...* on pages 151 and following.

The feast of Gabriel includes New Year's Day. Among all peoples, it is the custom to celebrate the first day of the year in a positive way, for it is a universal law that all that happens afterwards is already contained in germ in the beginning.

Within this framework, Olivier Manitaro gave a teaching and a method in relation with the mysteries of the necklace of the Archangel Gabriel. This necklace is linked not only to the new life that the feast of the new year represents, but to the influences that animate the heaven of each individual, which are the 12 months of the year.

This magical work with the Archangel Gabriel and his necklace of 12 pearls is practiced in the morning, upon waking, during the first 12 days of the year. Afterwards, it is good to continue it once a month in order to honor the 12 pearls of Gabriel's necklace throughout the year.

The objective of this method is to live by honoring one's Father and one's Mother, the presence of God through the created world, by giving first place to what is essential.

The period of the beginning of the new year corresponds to the Archangel Gabriel, for he is the sowing of the Light that brings the new life, the divine begetting, the discipline. During this period, which can be described as magical, it is truly possible to take one's life in hand by planting the purest seeds in one's inner earth.

In all initiatic teachings, it is said that the first step is the most important. The way one begins something determines everything that follows, the unfolding, what one will bring into the world. It is therefore possible to renew one's life, to experience another way of being in the world by putting into practice this accomplished knowledge within the Tradition of the Light.

In practice

As soon as you awaken in the morning, let your first thought be for your Father who ceaselessly renews the gift of life for you. Rise with your right foot and awaken the presence of the Father within you. Honor Him with your whole being. Then commune with the water through your hands and your face. Remember the water that formed your physical body in your mother's womb and ask:

“May the water of pure life awaken in me and around me the magic to build my body of Light through the consciousness of subtle exchanges in life.”

Then, if you can, go outside barefoot and enter into contact with the earth in order to commune with the Mother. Feel her presence beneath your feet. Gather yourself inwardly and say consciously:

“Mother, may you build my body of Light so that I may become capable of living with my Father, of receiving His word and of carrying it in my daily life.”

Raise your hands toward the sun and enter into communion with the flame of the Father within you. Think of the blue sky above you and commune with your eternal higher consciousness and your divine soul. Say in consciousness:

“I want to live in consciousness with the flame of the Father in me and with my divine soul. I aspire to breathe in them and to invite them into my body.”

Place your hands upon your chest and let your whole body be filled with Light and love.

Raise your right hand toward the sun and trace before you the magical circle of the School of God by invoking one of Gabriel's 12 pearls and the word associated with it:

1st day – Angel of Truth

“I am the first impulse of God in all things.”

2nd day – Angel of Love

“I am the rooting of the Light upon the earth.”

3rd day – Angel of Wisdom

“I am the knowledge that illumines in all directions of life.”

4th day – Angel of Openness

“I am the digestion of all experiences, I open a pure inner space and I protect it.”

5th day – Angel of the Hidden

“I am the flame of the Father that appears in the sanctuary.”

6th day – Angel of Communion

“I am the harvest of Light that nourishes the Gods.”

7th day – Angel of Equilibrium

“I am the central presence that balances the worlds.”

8th day – Angel of Individuality

“I am the true individuality in the service of the community of Light.”

9th day – Angel of Justice

“I am the instrument of the true eternal Being.”

10th day – Angel of Universality

“I am the transparency of the jewel that reveals the presence of the Ineffable in mortal worlds.”

11th day – Angel of Peace

“I fill the world with Light.”

12th day – Angel of Purity

“I am the source, the river and the ocean of purity.”

As you pronounce the word, you must make it living. You may imagine that the breath accompanying the words is water-Light, a river of life that gives drink to all beings.

Complete your work by pronouncing the “Amin.” Once the work is finished, you must make the effort to think consciously, several times during the day, of the virtue you have worked with.

These 12 words, in relation with the virtues of the 12 pearls of Gabriel’s necklace, can be activated in the life of man if he consciously pronounces one word per day during the first 12 days of the year and even once a month throughout the whole year. These 12 pearls are the 12 ways that man must travel in order to meet God.
