

# The Sacred Work with Gabriel's Necklace for the First 12 Days of the Year

The following text is taken from the book *Archangel Gabriel – Biography...*, from page 151 onward.

The Feast of Gabriel includes New Year's Day. In all peoples, it is customary to celebrate the first day of the year in a positive way, for there is a universal law that says everything that follows is already contained in germ form within the beginning.

Within this framework, Olivier Manitará gave a Teaching and a method related to the Mysteries of Archangel Gabriel's Necklace. This necklace is linked not only to the new life represented by the New Year's celebration, but also to the influences that animate the heaven of each individual, namely the twelve months of the year.

This magical work with Archangel Gabriel and his necklace of twelve pearls is practiced in the morning, upon waking, during the first twelve days of the year. Afterwards, it is good to continue once a month, in order to honor the twelve pearls of Gabriel's Necklace throughout the year.

The aim of this method is to live in a way that honors the Father and the Mother, the presence of God through the created world, by giving first place to what is essential. The beginning of the New Year corresponds to Archangel Gabriel, for he is the sowing of the Light that brings new life, divine birth and discipline.

During this period, which may truly be called a magical time, it is genuinely possible to take your life in hand by planting the purest seeds in your inner earth.

In all initiatic teachings it is said that the first step is the most important. The way you begin something determines all that will follow: the unfolding, and what you will bring into the world. It is therefore possible to renew your life and to experience another way of being in the world by putting into practice this knowledge brought to completion within the Tradition of the Light.

## **In Practice**

As soon as you awaken in the morning, may your first thought be for your Father, who constantly renews the gift of life for you. Rise with your right foot and awaken the presence of the Father within you. Honor Him with your whole being. Then, commune with the water through your hands and your face. Remember the water that formed your physical body in your mother's womb and ask:

**“May the water of pure life awaken in me and around me the magic that builds my Body of Light through the awareness of subtle exchanges in life.”**

Next, if you can, go outside barefoot and come into contact with the earth to commune with the Mother. Feel her presence beneath your feet. Collect yourself and say consciously:

**“Mother, may you build my Body of Light so that I may become able to live with my Father, to receive His Word and to carry it into my daily life.”**

Raise your hands toward the sun and enter into communion with the flame of the Father within you. Think of the blue sky above you and commune with your eternal higher consciousness and your divine soul. Say consciously:

**“I want to live in awareness with the flame of the Father within me and with my divine soul. I aspire to breathe in them and to invite them into my body.”**

Place your hands on your chest and let your whole body be filled with Light and love. Raise your right hand toward the sun and trace before you the magic circle of the School of God, invoking one of Gabriel's twelve pearls and the Word associated with it:

1. Day 1 – Angel of Truth

**“I am the first impulse of God in all things.”**

2. Day 2 – Angel of Love

**“I am the rooting of the Light upon the earth.”**

3. Day 3 – Angel of Wisdom

**“I am the knowledge that illumines in all directions of life.”**

4. Day 4 – Angel of Openness

**“I am the digestion of all experiences, I open a pure inner space and I protect it.”**

5. Day 5 – Angel of the Hidden

**“I am the flame of the Father that appears in the sanctuary.”**

6. Day 6 – Angel of Communion

**“I am the harvest of Light that nourishes the Gods.”**

7. Day 7 – Angel of Balance

**“I am the central presence that balances the worlds.”**

8. Day 8 – Angel of Individuality

**“I am the true individuality at the service of the community of Light.”**

9. Day 9 – Angel of Justice

**“I am the instrument of the true eternal Being.”**

10. Day 10 – Angel of Universality

**“I am the transparency of the jewel that reveals the presence of the Ineffable within mortal worlds.”**

11. Day 11 – Angel of Peace

**“I fill the world with Light.”**

12. Day 12 – Angel of Purity

**“I am the source, the river and the ocean of purity.”**

As you pronounce the Word, you must make it living. You may imagine that the breath carrying the words is Water-Light, a river of life that gives drink to all beings. End your work by pronouncing “**Amin.**”

Once the work is finished, you must make the effort to think consciously, several times during the day, of the virtue you have worked with.

These twelve Words, linked to the virtues of the twelve pearls of Gabriel’s Necklace, can be activated in a person’s life if he or she consciously pronounces one Word per day during the first twelve days of the year, and even once a month throughout the year.

These twelve pearls are the twelve paths that man must walk in order to meet God.
