COLLECTION

# MADISON AVE COFFEE BLEND

This is our signature blend. It can be drunk both as a black coffee or with any style of milk - including plant-based milks. Since its inception, the blend has been changed over time due to the seasonal coffees we source. However, the roast style has always been a medium profile to suit all taste buds - not too light and not too dark.

Taste notes: caramel, milk chocolate, cardamon, creamy panna cotta, balanced and well rounded.

Grown: Columbia, Brazil and Guatemala
