

Climate Action

Clean Transportation and Road Safety

Did you know?

- There were at least 2 deaths and 2 injuries involving e-scooter riders in the GTA during July alone?
- E-scooters are not permitted on municipal roads or trails in Richmond Hill?
- The maximum speed allowed for e-scooters is 24 km/h on level ground?
- The minimum age to operate any type of electric vehicle is 16?

As Richmond Hill embraces cleaner transportation options like e-scooters and e-bikes, safety remains our top priority. Following the rules protects everyone on our streets, sidewalks, and trails.

So let's take actions together to build a greener and safer Richmond Hill!

Richmond Hill has a Climate Plan - you have a role to play in it!

Our [Transportation Targets](#) are:

- Majority of trips within the city are done by transit, walking, and cycling.
- 100% of new vehicle sales are EVs by 2040.
