

MH CLEAR PVC HOSE

MH Clear PVC Hose

The MH Clear PVC Hose is a lightweight and flexible solution designed for the transfer of liquids, gases, and light chemicals under low pressure. Made from high-quality clear PVC, it offers excellent transparency for easy monitoring of flow.

Its smooth inner surface ensures efficient flow with minimal friction loss, while providing good resistance to weather and chemicals. Ideal for use in laboratories, food processing, and general industrial applications.

MH Clear PVC Hose

Applications	MH tubing is extremely versatile and can be used in a wide range of low pressure applications including the transfer of liquids, acids, gases & foodstuffs.
Construction	Clear unreinforced flexible PVC
Colour	Standard – Clear Other colours available subject to minimum order quantity
Temperature Range	-10°C to +55°C
Size Range	1/8" to 2" Other sizes available subject to minimum order quantity)
Standard Length	30m Coils Other lengths available subject to minimum order quantity)
Special Features	<ul style="list-style-type: none">• FDA and EU10-2011 approved compound for food contact• Outstanding resistance to the effects of weather• Minimum frictional loss is achieved by the smooth bore• Excellent chemical resistance

MADE IN UK
