

COMPANY PROFILE

About Us

GJE Lustre Pvt Ltd is a pioneering company specializing in the design, development, and distribution of smart vending machine solutions for a variety of industries

We have been a trusted name in the vending machine business for over 6 years, serving a diverse range of global clients. Our expertise lies in delivering innovative, reliable, and efficient vending solutions tailored to meet the needs of various industries. With a commitment to quality and customer satisfaction, we continue to set benchmarks in convenience and accessibility worldwide.

Our Vision

To revolutionize the vending industry with innovative, accessible, and eco-friendly solutions that simplify everyday life while fostering convenience and inclusivity.

Our Mission

- To provide high-quality, tech-enabled vending solutions that enhance user experiences.
- To integrate advanced features, such as cashless payments and real-time inventory tracking, into our machines for seamless operations.
- To prioritize inclusivity and sustainability in all our offerings, ensuring they serve diverse communities effectively.

Our Expertise

At GJE Lustre Pvt Ltd, we specialize in crafting vending machines that blend functionality with style. Our machines are designed to meet the highest standards of quality, reliability, and user satisfaction.

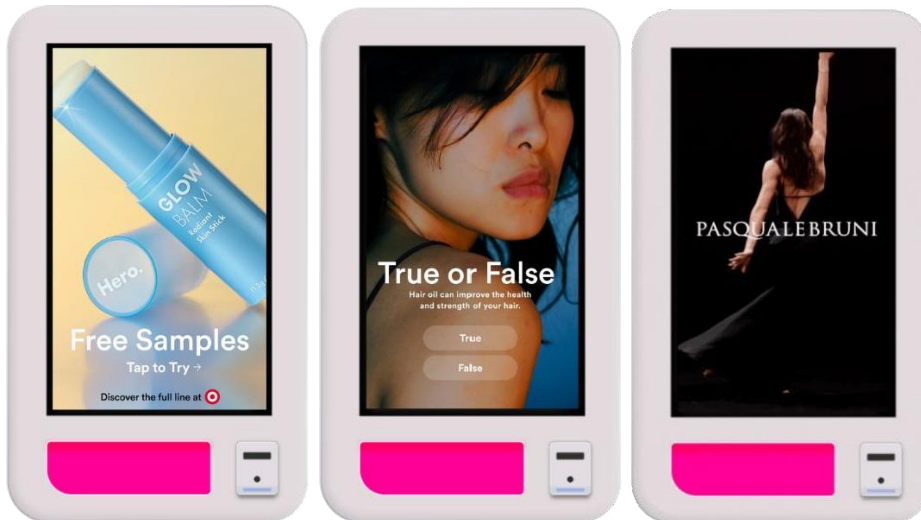

With in-house expertise in hardware design, embedded systems, and sensor integration, we create smart machines tailored to specific market demands.
