HOW TO PURCHASE HUALLPA PRODUCTS WHOLESALE

Step 1.

Visit huallpajoyeros.com or contact us by email at huallpajewelry18@gmail.com or via WhatsApp at +51 968 355 505, where you will find the available catalogs. You may view them online or download them. The newest designs are published on huallpajoyeros.com. Select the designs according to your customers' preferences and remember to comply with the purchasing conditions.

Step 2.

Write down the codes of the selected designs. You must include the product code for each item (example: DIH-001) as well as the quantity required for your order (minimum quantities per item apply).

If you have your own designs or designs outside of Huallpa's collection, please share the images or ideas with us by sending a message to huallpajewelry18@gmail.com or WhatsApp +51 968 355 505.

Send your order list with the corresponding codes and quantities to huallpajewelry18@gmail.com with the subject line "Quotation", or directly through WhatsApp.

We will respond within 1 business day by email, or immediately through WhatsApp. If you have additional questions, you may also contact us through the channels provided.

We will prepare your quotation as soon as possible.

ORDER AND PAYMENT PROCESS

Step 3.

After reviewing the quotation, inform Huallpa whether you would like to proceed with the order or make changes to the order list. You may also indicate whether you would like to customize the colors, keep the original colors, or allow Huallpa to suggest new combinations.

Step 4.

To begin production of your order, an advance payment of approximately 50% of the total quoted amount is required. Production will begin the day after payment is confirmed.

During the manufacturing process, casual photos and/or videos of the jewelry production progress will be shared according to the agreements made with Huallpa. Once production is completed and your order is ready for shipping or delivery, a proforma invoice will be sent including order details such as total price, total quantity, outstanding balance, and other relevant information.

Step 5.

At the time of delivery (at the factory or agreed location), or before Huallpa ships the order, the remaining balance plus any additional costs must be paid (if applicable: shipping fees, certificates, or other related charges). Please send proof of payment in the case of bank transfers or deposits.
