

AMERICAN PATRIOT EXECUTIVE COMMITTEE (APEC)

CERTIFICATE OF ENDORSEMENT

APEC comprises over 185 members throughout roughly 30 counties in Florida with the express mission of distinguishing between Republicans In Name Only (RINOs/Establishment) and true America First/MAGA politicians, candidates, and grassroots volunteers.

While the Republican Party of Florida (RPOF) has been purging real Conservatives from the Party and purposely confusing voters as to who are true America First/MAGA vs RINO candidates, the APEC coalition of dedicated volunteers goes above and beyond to ensure safe and honest elections.

For the upcoming 2026 primaries in Florida on August 18th, APEC members have been referring heavily vetted candidates from their counties to APEC's Executive Board for final vetting and approval.

You can be sure if your candidate has received full endorsement by APEC, he/she is the TRUE Conservative/America First/MAGA choice in their race.
