Dear Firefly Tutors,

I am applying for the Art Instructor position. Your focus of supporting the creative education of students aligns with my passion for helping others reach their full potential through their artwork.

For the last year and a half, I have worked with high school students at North High School's Art department. During this time I have worked with students on developing their AP Art Projects, assisted them on expanding ceramic and 2D artwork, and have introduced them to new mediums and techniques. I gave hands-on demonstrations on how to use acrylic painting mediums and have prepared lessons in Cyanotyping, linocuts, and have carried out one-on-one wheel-throwing lessons in the ceramics studio. I have been able to see students grow as artists and become more confident in their work and foundational skills.

I would be thrilled to work with students on developing their art skills and portfolio as an Art Instructor. Thank you for considering my application. I look forward to speaking with you.

Sincerely,
Jillian McCombs
