

To Whom It May Concern,

It is my pleasure to recommend Jackie Sheffield. I have known Jackie for over a decade and have had the opportunity to work closely with her in many professional performances.

Of course Jackie is an incredibly talented performer whose dedication and passion are evident in every show. I have personally hired her for numerous fire performances. Her professionalism, skills, and ability to engage an audience are undoubtable .

Beyond her talent, what I want to express the most about Jackie is that she is dependable, extremely organized, and most importantly an excellent communicator.

Jackie's work ethic and commitment to excellence make her someone I would confidently and happily recommend for any lead, performance or professional opportunity.

Please feel free to contact me for any additional information.

Sincerely,

Jalen
