

## **To Whom It May Concern,**

It is my pleasure to recommend Jackie “FireFeat” for any opportunity she pursues. Jackie has served as our Fire Safety Lead, featured performer, and go-go dancer at Irregardless 13 Warehouse in Austin, Texas, for over two years. She has earned her role through consistent, reliable action and a strong commitment to safety and performance excellence.

When fire performance was first introduced at our venue, Jackie was one of several performers interested in establishing an open spin jam. While others participated sporadically and often without proper safety equipment or preparation, Jackie consistently arrived fully equipped, safety-focused, and ready to perform. In addition to her professionalism, she brought a uniquely engaging and dynamic performance style that quickly resonated with both guests and staff.

Through her dependability and leadership by example, Jackie naturally became the person guiding and managing the fire performance environment. By the time others expressed interest in formalizing the program, it was clear that Jackie had already taken on that responsibility in practice. From that point forward, she became our dedicated fire lead.

Jackie is professional, safety-conscious, and highly adaptable to the needs of any event. She consistently demonstrates sound judgment, strong work ethic, and a deep respect for both her craft and the environment in which she performs.

I recommend her without reservation.

**Sincerely,**

Mike Palm
