

To whom it may concern,

I have had the privilege of knowing Jackie for over 15 years. A friendship that began simply because you can't ignore a fire spinner who performs with that kind of joy. In the time since, we have collaborated on a wide range of professional engagements: serving as Licensed Flame Effect Operators for Sony Interactive, producing fire spinning performances, and managing festival permitting and safety operations from the ground up.

Jackie is one of the most dependable safety leads I have worked alongside. She is detail-oriented, adaptive under pressure, and holds herself to an uncompromising standard of professionalism. In the world of Licensed Flame Effect Operation, there is no room for shortcuts and Jackie simply doesn't take them. Her commitment to doing things right is not a checkbox exercise; it reflects genuine integrity.

What sets her apart is that this rigor coexists with real creative talent. Her passion for performance produces experiences that are rare in this field, technically sound and genuinely captivating. That combination is not easy to find.

I recommend Jackie wholeheartedly to anyone seeking a performer, safety lead, or Flame Effects Operator who brings both artistry and accountability to the work.
