To Whom It May Concern:

It is a pleasure to recommend Tyler Houston as a teacher for your school. She is certified to teach kindergarten through fifth grade. I have experienced Tyler's work in the classroom as her para in her kindergarten class this year. She is a teacher with great talent and dedication.

She makes learning fun in the classroom for her students. She is very creative with her lesson plans and how she engages and motivates the students to learn. She has the ability to connect with her students teaching them simple concepts as well and more advanced topics.

Tyler embraces any opportunity for professional development in order for her students to succeed. She also has excellent written and verbal communication skills with her students' parents.

I hope you consider hiring Tyler to teach in your school.

Sincerely,

Sharon Stocker
