To Whom It May Concern:

I am writing this letter of recommendation on behalf of Tyler Houston for a teaching position. I have had the pleasure of working with Ms. Houston as a colleague at Camp Dick Robinson Elementary for the past three years. She has always presented herself as a dedicated teacher and one who is willing to learn and grow as an educator.

Ms. Houston taught 3rd grade her first two years at our school, with the second year having an emphasis on teaching reading. This year she made a big jump down to Kindergarten. As I said above, she is willing to learn and grow. She often asks for input and ideas from experienced teachers and is always willing to try new things to benefit her students. She had a very challenging group of students to start this school year along with the challenge of teaching a new grade level. I have seen growth in her as a teacher and growth in her students as the year has progressed. Her students have grown academically and behaviorally. Ms. Houston has experience managing diverse groups of students and creating an inclusive learning environment.

Another positive quality I have seen is Ms. Houston's ability to build relationships with her students. I have witnessed first hand how much her students love her. Many of her past 3rd graders make it a habit to go find her in the morning before class or afterschool to say hello or get a quick hug. She has worked hard to nurture and build relationships with the students in her Kindergarten class this year as well. Building relationships with students is a very integral part of teaching and I feel this is one of her strengths.

Tyler Houston is a dedicated teacher who loves her students and I believe she could be a valuable asset to your school. Please feel free to contact me if you have any further questions.

Sincerely,

Melanie R. Warren
