Welcome Message

Welcome to Manggala Bahari Nusantara – your trusted partner in the export of premium seaweed products. We specialize in high-quality *Eucheuma Cottonii*, *Gracilaria*, and *Eucheuma Spinosum*, sourced directly from the pristine waters of Indonesia. As an exporter, we are committed to sustainable practices and exceptional quality, ensuring that every batch of seaweed we provide meets the highest global standards.

Our seaweed is carefully harvested, processed, and packaged to retain its natural nutrients, making it ideal for various industries, including food, pharmaceuticals, cosmetics, and more.

At Manggala Bahari Nusantara, we take pride in supporting the growing demand for sustainable and nutritious marine products. Whether you need seaweed for culinary use, health supplements, or industrial applications, we are here to provide you with the best that Indonesia has to offer.

03. ●●●

Company History

Founded in Bali by three young entrepreneurs, Manggala Bahari Nusantara was established to tap into the growing global demand for high-quality seaweed. The founders recognized the potential of Indonesia's eastern seas, known for their rich and fast-growing seaweed, ideal for industries like cosmetics, food, and pharmaceuticals.

After extensive research, it was discovered that seaweed from Indonesia's eastern waters, particularly varieties like *Euclidean Cottonii*, *Gracilaria*, and *Euclidean Spinosum*, offers superior quality and competitive advantages in terms of nutrient content and market demand.

Driven by this knowledge, the company was formed to harvest, process, and export top-tier seaweed sustainably. Manggala Bahari Nusantara capitalizes on the abundant marine resources from Bali, Nusa Tenggara, and Sulawesi, positioning itself as a leading supplier in the global market. By focusing on quality and sustainability, the company aims to meet the needs of diverse industries while supporting local farmers and contributing to the region's economic growth.

Vision

01. To be the leading global exporter of high-quality, sustainable seaweed, proudly sourced from Indonesia's eastern seas, while empowering local communities and contributing to the global demand for eco-friendly products.
02. To establish Manggala Bahari Nusantara as the preferred supplier of premium seaweed, recognized for its innovation, sustainability, and commitment to enhancing the quality of industries like cosmetics, food, and pharmaceuticals.

Mission

01. To sustainably harvest and process seaweed, ensuring high-quality products that meet the global market's growing demand.
 02. To expand international partnerships, promoting Indonesian seaweed as a competitive and nutritious resource for diverse industries.
 03. To prioritize innovation, continuously improving our products and processes to stay ahead of market trends.
 04. To contribute to the economic development of Indonesia's coastal communities by creating opportunities for local seaweed farmers and businesses.

Why Choose Us?

01. Quality

Our seaweed is handpicked from Indonesia's pristine eastern waters, known for producing the best quality varieties ensuring that every product meets global standards for nutrition and purity.

03. Reliable supply

With a deep understanding of the market's needs, we offer reliable and consistent deliveries, whether for small orders or large-scale industrial supply, ensuring your business never runs short of high-quality seaweed.

02. Sustainability at core

We are committed to eco-friendly farming practices that not only protect our oceans but also promote long-term environmental health. By working with nature, we help secure a future where both business and biodiversity can thrive.

04. Supporting local communities

Our success is tied to the prosperity of the coastal communities we work with. We provide fair wages and training for local seaweed farmers, helping to improve their livelihoods while promoting sustainable farming practices.
