

VALLEMAR
INTERNATIONAL SCHOOL

INTRODUCTION

Talent in Motion is the official sports extension of Vallemar International School, created with the purpose of integrating sport as an essential part of the school's educational model.

This initiative promotes a well-rounded education that unites academic excellence with sporting excellence, enhancing the physical, mental and emotional development of every student.

Recognising the value of sport in a holistic education, Vallemar International School drives this programme to provide students with a structured, safe and high-quality environment in which they can discover, refine and project their talent through sporting practice.

Talent in Motion was conceived as a bridge between school education and access to more professional sports programmes, enabling students to participate in top-level federated clubs and academies.

Through its partnership with the Camilo Cano Sports City, one of Spain's most prestigious sports complexes, the school offers students genuine opportunities for growth and competitive development, guided by qualified coaches and within outstanding facilities.

More than just an initiative, **Talent in Motion** is an institutional programme for the support and promotion of sporting talent, designed to encourage effort, perseverance, discipline and commitment — values that embody the spirit of Vallemar International School.

In this way, the school consolidates an educational model that transcends the classroom, embracing sport as a privileged path to shaping balanced, confident and committed individuals — people dedicated to their own growth and to the society they belong to.

MISSION

The mission of Talent in Motion is to foster the holistic development of Vallemar International School students through sport, understanding physical activity as an essential element in shaping balanced, responsible and committed individuals.

The programme aims to guide students in identifying and nurturing their sporting talent, offering them the opportunity to access high-quality technical training within prestigious federated clubs and academies.

Through this initiative, Vallemar International School reaffirms its commitment to an education that unites body and mind, knowledge and action, promoting values such as discipline, effort, teamwork and respect — values that are fundamental both in academic life and in sport.

VISION

Talent in Motion aspires to become a national and international benchmark in educational sport, establishing a learning model that harmonises academic excellence with sporting excellence.

The programme aims for every student to develop fully in both areas, integrating sport into their educational pathway and facilitating their progression into more professional or federated environments within the network of clubs associated with the Camilo Cano Sports City.

Our vision is to shape competent, disciplined and self-aware young people, capable of applying the lessons learned through sport to their everyday lives, and of becoming active contributors to a healthier, more cooperative and committed society.

PHILOSOPHY

The philosophy of Talent in Motion is built upon three core pillars that reflect the values of Vallemar International School:

Sport as an educational driving force.

Each sporting discipline contributes to the student's physical, cognitive and emotional development, strengthening their autonomy, discipline and emotional self-management.

Talent as an evolving process.

Talent is shaped through perseverance, effort and self-confidence. Talent in Motion supports students along this journey, providing them with genuine opportunities for both personal and sporting growth.

Community as a shared value.

Beyond individual performance, the programme promotes respect, cooperation and a sense of belonging to a community that values effort, resilience and personal achievement.

FUTSAL

FUTSAL CLUB LA NUCÍA

CDF Sala La Nucía is a renowned sports institution located in the heart of La Nucía, Alicante. The club has devoted itself with great passion to the promotion and development of futsal, a discipline that has gained remarkable popularity and following across the region.

With modern facilities and teams competing across a wide range of categories — from youth levels to senior divisions — CDF Sala La Nucía has become a benchmark for futsal enthusiasts. Its commitment to the comprehensive training of players is reflected not only in the technical and tactical aspects of the sport but also in the promotion of key values such as teamwork, discipline and respect.

In addition to its competitive participation, the club organises events, local and international tournaments, and works closely with schools in the area to promote futsal among young people. This community-driven approach has strengthened the club's ties with the residents of La Nucía and its surroundings, building a strong base of supporters and emerging talent.

The team is led by a highly qualified coaching staff, dedicated not only to training players to the highest standard but also to instilling a sporting philosophy founded on mutual respect and personal growth.

At the end of the activity, families must collect the pupils directly from the Club's facilities.

FERRER - NU

TENNIS ACADEMY

FERRER TENNIS ACADEMY

At the Ferrer Tennis Academy, located in La Nucía, Spain, more than two decades of experience are dedicated to the training and development of elite tennis players from around the world. Recognised as one of Spain's leading international tennis academies, its mission is to help every player reach their full potential, both on and off the court.

The academy is based at the Camilo Cano Sports City, one of Europe's most comprehensive sports complexes, covering nearly one million square metres. This exceptional setting, combined with a focused approach to tennis, allows for high-performance training tailored to players aiming for professional levels, including ATP and WTA circuits or university scholarships.

The academy's philosophy is deeply inspired by David Ferrer, one of Spain's greatest tennis players, whose values of effort, discipline and resilience underpin every training session. At the Ferrer Tennis Academy, players are developed not only in technique but also in the mindset required to compete and succeed at the highest level.

ATHLETICS CLUB

LA NUCÍA ATHLETICS CLUB

La Nucía Athletics Club offers students the opportunity to begin and progress in one of the most complete and formative sporting disciplines. Through a structured approach, young athletes develop their physical fitness, coordination and technique, while internalising fundamental values such as effort, self-improvement, discipline and respect.

Training sessions are conducted under the supervision of qualified coaches, within a safe, motivating environment tailored to each stage of development. The club encourages both recreational practice and competitive performance, providing the opportunity to become federated and take part in official competitions, representing La Nucía in local, regional and national championships.

Being part of La Nucía Athletics Club means joining an organisation committed to the holistic education of athletes, promoting coexistence, teamwork and the pride of representing an institution recognised for its sporting excellence and long-standing reputation.

GIMNASIA RÍTMICA

GYMNASTICS CLUB

RHYTHMIC GYMNASTICS CLUB

La Nucía Rhythmic Gymnastics Club offers students the opportunity to develop in a discipline that combines sport, art and body expression. Through technical and creative work with apparatus such as hoops, ribbons, balls and clubs, gymnasts enhance their coordination, flexibility, strength and aesthetic sense, while learning values such as perseverance, discipline and teamwork.

Under the guidance of qualified coaches with recognised experience in competitive gymnastics, the club promotes both developmental training and sporting performance, providing the opportunity to become federated and compete in official events at local, regional and national levels.

Being part of La Nucía Rhythmic Gymnastics Club means joining an organisation committed to excellence, sports education and the holistic development of every gymnast, within a safe, motivating and inspiring environment.

TAEKWONDO

TAEKWONDO CLUB

LA NUCÍA TAEKWONDO CLUB

The TAE La Nucía Sports Club was founded in 2004, beginning its journey at CP Sant Rafel, later moving to the Centre Juvenil and currently based in the Tatami Rooms of the Camilo Cano Sports City. Since its foundation, the club has established itself as a benchmark in the teaching of ITF Taekwon-Do, combining tradition, discipline and athletic training.

Taekwon-Do is a martial art that promotes the physical and mental development of children and young people, enhancing their coordination, balance, strength and concentration. It also fosters values such as respect, self-control, perseverance and personal growth, contributing to the holistic development of each student.

Under the guidance of qualified instructors, athletes have the opportunity to become federated and compete in official championships, proudly representing La Nucía in different competitions. Being part of the TAE La Nucía Sports Club means joining a community that promotes education, sport and personal development through effort and discipline.

V

LEIBOL

VOLLEYBALL CLUB

LA NUCÍA VOLLEYBALL CLUB

La Nucía Volleyball Club is a non-profit sports organisation dedicated to the training, promotion and practice of volleyball, with a special focus on the women's game. Founded on 7 July 2006, the club concentrates its work on grassroots sport, encouraging girls and young women to participate in a discipline that fosters physical, technical and social development.

Training sessions are designed to promote progressive learning and to strengthen teamwork, camaraderie and cooperation. Under the guidance of qualified coaches and instructors, players develop technical and tactical skills while embracing key values such as effort, perseverance and respect.

The club offers the opportunity to become federated and compete in various categories — from Benjamín to Juvenil — proudly representing La Nucía in official championships. Being part of La Nucía Volleyball Club means joining an organisation committed to sports education, equality and the holistic development of its athletes.

IMPORTANT CONSIDERATIONS

- Activities for the different sports clubs will begin from **Monday, 20 October**.
- Registration can be completed via the attached form or by submitting the registration form to the School Office no later than **Wednesday, 15 October**. Families are kindly asked to respect the deadline in order to ensure the proper organisation of the groups and the smooth start of the activities.
- The school reserves the right to modify timetables and/or days of activities for organisational reasons.
- Each activity must reach a minimum number of students to run.
- All activities have a maximum number of places set by the school. Once full, the group will be closed and remaining students will be placed on a waiting list.
- You may also register via the School Secretary's Office or by emailing info@colegiovallemar.com.
