

# GLACIERBEARD

**STYLE:** Cold IPA  
**ABV:** 4.7%

A crystal clear, pale, highly carbonated beer with frothing white foam. Slim bodied, crisp, with an intense frontload of orange fruits on the palette.

Our preferred serving glass for Glacierbeard is the iconic tall German pilsner glass.

To sum up Glacierbeard in one sentence: Cold fermented lager with a high dosage of Harlequin hops harvested in 2024 straight from Charles Faram in England.

Extra crisp, extra crunchy. Best enjoyed from a cooled tap or an iced-out can.

**TO BE RELEASED. AVAILABLE IN 2025.**

Our in-house go-to boardgames to go with Glacierbeard:

**Monopoly: Star Wars Edition, Arctic Front: Battle for Norway, Carcassonne: Winter Edition**

This beer is a great companion to chili-focused dishes, pizza with white sauce and spice grilled chicken.
