

- Trollhunter -

Norwegian Fest bier - Inspired by the wild north-western Norway and Norse tales packed with trolls, elves and spirits.

The Story:

Our adventurous Fest bier started as an idea in the summer of 2023 which was released as "Trollslayer" - one of our greatest hits to date!

We follow it up with a new version this year, named Trollhunter. This version uses only luxurious Norwegian craft malt from Rogaland. The German noble hop Saaz is the main bittering spice. In addition, we will use new, fruity variety called Hull Melon for that extra bit of fruit-punch that fits the Norwegian palette so well.

Tasting Notes:

Light bread and wheat characteristics with a mellow aftertaste of melon, peach tea, and crisp fruit. A balanced bitterness and medium body.

Quick (nerdy) Facts:
