

YUZUAGI YOJIMBO

STYLE: Imperial Rice Lager
ABV: 7%

A medium bodied beer with delicate citrus fruit peel taste up front, smooth, crisp bread at the bridge with some hoppy freshness at the tailend.

The goal with Yuzuagi Yojimbo (besides referencing a Samurai-rabbit cartoon character) was to make the ultimate summer-brew: With 6 hands on deck in Ålesund, we crafted the finest rice lager the land have ever seen together with our friends in Molo Brew.

We topped the whole project with a blend of fresh Yuzu for the final touch. We wish we could keep it all!

Our in-house go-to board games to go with Yuzuagi:
Senjutsu - Battle for Japan, Rising Sun, and Samurai.
