STATEMENT OF PURPOSE

Recent graduate seeking a role in analytics and reporting. At TJC, L.P., I built forecasting dashboards and automated reporting using R and Python; at Amicorp I supported financial analysis and business development. Experienced in SQL, Excel (macros and scripting), Tableau and Power BI. I'm passionate about reporting done with care and accountability, which I see as essential for backtracing, transparency and the long-term safekeeping of information and progress. Excited to contribute to a team where data becomes actionable and valuable.

EDUCATION

University of Notre Dame

Mendoza College of Business - Major - Business Analytics
College of Arts and Letters - Minor - Gender Studies

Notre Dame, IN

May 2025

Skills: Tableau, SQL, Python, R, Shiny, Power BI, \LaTeX , HTML & CSS, Adobe Illustrator, Microsoft Excel/Office Suite

RELEVANT EXPERIENCES

Business Data Analyst Intern

TJC, L.P.

Chicago, IL

Summer 2024

- Built a real-time R/Shiny dashboard to forecast portfolio-wide profit and quantity, enabling proactive pricing and inventory decisions.
- Automated reporting documentation with a custom Markdown template (R/Python), improving consistency and accountability in data workflows.
- Developed an email parser to structure unformatted inputs, supporting portfolio company insights; awarded 1st place at the firm's internal Data Day competition.

Financial Services Intern

Amicorp Singapore PTE. LTD.

Singapore (Remote)

Summer 2023

- Conducted financial analysis for rental portfolios across Asia and Latin America, enhancing budget accuracy and cost visibility for executive reporting.
- Created a cross-market growth proposal to expand Amicorp's industry partnerships, integrating stakeholder research, financial feasibility and market sizing.
- Gained experience adapting analytics to diverse regulatory environments and working cross-culturally with remote global teams.

Vice President – Marketing and Communications

Undergraduate Business Analytics Club (UBAC) of Notre Dame

Notre Dame, IN

February 2024 to April 2025

- Relaunched the club with a new brand identity and website; drove member engagement through events, workshops and panels.
- Led communications strategy to support technical programming and promote analytics education on campus.

Treasurer

Asian American Association of Notre Dame

Notre Dame, IN

April 2024 to April 2025

- Built a custom digital dues system, increasing collection rates by 318% and simplifying member tracking.
- Raised and managed \$20,000+ annual budget for cultural programming and community outreach.

Consulting Project Leader

Student International Business Council (SIBC)

Chicago, IL

Spring 2023 & Fall 2024

- Led post-acquisition growth strategy for INSIGHT2PROFIT, delivering client-ready analysis and presentations.
- Partnered with KPMG professionals to build loyalty and branding strategy for a luxury services client.

Graphic Designer

Gender Relations Center, University of Notre Dame

Notre Dame, IN

Fall 2023 to Fall 2024

- Designed digital campaigns and print materials supporting events on inclusion, ethics and dialogue.
- Maintained visual standards across programs to strengthen outreach and cross-campus visibility.
