Application Form:

Each sections has an application form for parents to sign up their children. Each section also has an email specific to it which the application submitted should be sent to automatically. However before any submission of an application form there are terms and conditions that the parent must read and sign to say they have understood it as well as will comply. **Application form CANNOT be submitted with the signing of the terms and conditions by the parent.**

Can we have the forms split up between the madrasah and the institute

All Applications are subject to an Assessment before acceptance.
