# Why choose **Care at Home** over a Residential Care Home?

Home is where you feel most safe and comfortable

Far less daunting than relocating to a Residential Care Home

Home Care promotes independence

You only pay for the care you require

You remain in your local community, surrounded by friends and family

Unlike Residential Care, you will not be forced to sell your home to fund Care-at-Home; the local authority can provide funding

You receive a personalised one-to-one service

## How do I fund Care at Home?

Care at home can be funded in various ways depending on the recipient's requirements and financial situation.

- ✓ Privately Funded
- ✓ Local Authority - Full/Part-funded
- ✓ NHS - Full/Part-funded
- ✓ Attendance Allowance Benefit
- ✓ Personal Independence Payment Benefit

We understand that discussing your care requirements and funding can be a lot to navigate. Please know that Kumra Care is here to help you through this process.
