Glòria Caballé Piqué

Visual Development and Concept Artist // I bring life with color & creativity Senior Generalist 2D | Animation | Game Art | Illustration | Color & Pre-Production | Photoshop Expert

Lérida y alrededores

Extracto

With 30 years as a 2D Artist, I'm a Senior Freelance Concept Artist drawn to projects that bring emotions to life. Through concept art, game design, animation, and illustration, I transform blank spaces into vibrant visuals.

I contribute to existing projects by solving problems, offering fresh ideas, and unifying and defining styles.

I also create new projects from the ground up, always treating each as a new challenge.

Games:

I've collaborated with companies such as Rovio, Puleva, Danone, and La Vaca Que Ríe...

I truly enjoyed contributing to projects such as the Angry Birds Star Wars games.

Photoshop is my preferred software, and I enjoy exploring new tools and techniques.

Animation:

I've worked with renowned studios like Brown Bag Films, Imira Films, Neptuno Films, Rainbow, Apolo Films, and Cromosoma...

Illustration:

I've had the privilege of working with iconic brands such as Disney, Warner, DreamWorks, Lego...
