Safety Warning

- **To all parents:** To ensure your child's safety while having fun, please read this manual together with your child.
 - Do not aim at a moving toy to avoid injury.
 - When turning the toy on, keep hands, hair, and clothing away from moving parts.
 - Do not modify or alter the product without authorization (Doing so may void the product's warranty or related rights).
-

Battery Installation

- Use a 1.5V “AAA” battery. Open the battery compartment on the back of the wristwatch, insert the battery, and ensure the polarity is correct.

Charging

- Connect the USB charger to a power source, such as a computer or USB power adapter, to charge the vehicle. The charging time is about 10 minutes for a full charge.
-

Operating Your Car

1. Push the power switch on the car to the “ON” position.
 2. Wear the wristwatch like a regular wristwatch by fastening it on your wrist.
 3. Press the forward button to drive the car forward.
 4. Press the left or right buttons to make the car turn left or right.
-

Driving Tips

1. The car should be driven on flat, dry surfaces, such as tables, floors, or smooth ground. Rough surfaces may affect performance.
2. Do not drive the car on muddy, watery, or sandy surfaces. If the car becomes dirty, clean it with a dry cloth.
