SUMMARY

Industrial Designer and UX/UI Product Designer

With over 8 years of experience in product design and education, I specialize in 3D modeling, user interface prototyping, and process optimization. Key achievements include increasing client satisfaction by 25%, designing 50+ product models to enhance portfolios, and reducing repair costs by 15% for electric vehicles.

I am eager to bring my expertise to a Product Designer role, contributing to innovative projects that drive user satisfaction and organizational success.
