

## Premium Senior Living Rentals

Bodhi Life is a multigenerational living community thoughtfully adapted to offer comfort, care, and community - close to family, culture, and the rhythms of city life.

# Senior Living, Redefined for Every Generation.

At Bodhi Life, we believe that seniors shouldn't have to choose between quality care and staying in the neighborhoods they love. Inspired by the Bodhi Tree's deep roots and expansive branches, we create communities that offer both stability and freedom.

Our innovative approach brings premium senior living directly to established residential communities, allowing seniors to maintain their local connections while enjoying a new chapter of independent living with comprehensive support.

## Vision

Empowering millions of seniors to age gracefully and enjoy connected, healthy lives.

## Mission

To redefine senior living through compassion, care, and community.

## Values

Empathy, Safety, Respect,  
Wellness, Inclusivity.

# Our First Residence

Bodhi Life offers its first residence at Shanders Dwellington, a well-established residential community in Electronic City, Bangalore.

The partnership combines Bodhi Life's commitment to elder care with Shanders Group's expertise in designing quality living spaces and vibrant homes.

This thoughtfully located community is within the city limits and offers a serene living environment while being situated next to the IT corridor and nearby top hospitals like Narayana Health City and Kauvery Hospital.
