WHAT IS WINGS?

Wings, founded by a group of Psychology enthusiasts in 2020, is a startup focusing on education and mental health, led by a diverse team of Professionals. We aim to excel in training, coaching, and mental health awareness, particularly in preparing individuals for competitive exams like NET, SET, and MPhil, and PG entrance tests in psychology.

At Wings, we're more than a coaching center; we're dream architects and success creators, founded on a passion for nurturing excellence. Emerging as a beacon of hope for aspiring students, our vision is to ignite knowledge and curiosity, guiding each student toward their goals with personalized mentoring.

Our mission is to turn ordinary aspirations into extraordinary achievements by tailoring coaching methodologies to suit individual needs, and empowering students to excel in their chosen domains.

WHY CHOOSE WINGS?

- **Comprehensive Syllabus:** Our well-structured syllabus covers essential concepts and prepares students thoroughly for their entrance exams.
- **Experienced Faculty:** Learn from a dedicated faculty with vast experience in psychology and clinical training.
- **Practice Exams and Mock Tests:** We offer regular practice exams and mock tests to help students gauge their preparation and boost their confidence.
- **Personalized Guidance:** Receive individual attention and tailored study plans to address specific strengths and weaknesses.
- **Supportive Learning Environment:** Enjoy a positive and encouraging atmosphere that fosters learning and growth.
- **Success-Oriented Approach:** Our primary focus is to help students succeed in achieving their academic and career goals.

WHAT IS CUET PG 2025?

The CUET PG (Common University Entrance Test for Postgraduates) is an entrance exam organized by the National Testing Agency (NTA) in India. It serves as a gateway for students seeking admission to postgraduate programs in a wide range of disciplines across nearly 40 central universities and other participating institutions.

The **KEY FEATURES** of CUET PG exam are given below:

- CUET PG provides a common platform for postgraduate admissions, which helps streamline the process by offering a single standardized test. Students no longer need to apply to each university individually or prepare for multiple exams with different formats. This exam enhances accessibility and ensures uniform criteria for evaluating applicants.
- The CUET PG is a 120-minute, computer-based test (CBT). The exam typically includes multiple-choice questions (MCQs) designed to test a candidate's subject knowledge and aptitude in their chosen field. The specific subjects and topics vary depending on the postgraduate program for which the candidate is applying.
- Candidates from diverse educational backgrounds are eligible to apply, with each participating university having its specific criteria. The application process is centralized through the NTA's official CUET website, where candidates can fill out a single form, select their preferred universities and programs, and pay the application fee.

ELIGIBILITY CRITERIA

There is **no age limit** for the candidates. The candidates who **have passed the bachelor degree/equivalent examination** or appearing in 2025 irrespective of their age can appear in CUET (PG) 2024 examination. However, the candidates will be required to fulfill the age criteria of the University in which they are desirous of taking admission.
